

Over 75 p.c. Win Honors In N.H.S. Exams

Jean Pickering, daughter of Mr. and Mrs. Norman Pickering, Newmarket, has won a provincial scholarship entitling her to three years of free tuition and \$300 at Queen's University, Kingston. Word of the scholarship was received this week as the Newmarket high school released results of upper school examinations.

Full results will be found on page 5.

The overall average for the graduating class is 92.2 percent, rated as an exceptionally high average and one for which the whole class deserves great credit, said J. W. Lockhart, principal. Over 75 percent of the marks given the students were in the honors brackets.

Jimmy Hugo, with nine first class honors in nine subjects written, took top honors in his class. He was followed closely by Allen Jackson, with eight firsts and two seconds in ten subjects, Lowell Keffer with eight firsts and two seconds in ten subjects and Jean Pickering with eight firsts and one second in nine papers.

Lowell Keffer has also written for a scholarship award but the results have not yet been received.

Archer A Year Bob Chadwick Wins 'Arrow'

The Scorton Silver Arrow, the Canadian counterpart of an annual archery award established in England 272 years ago, was won last weekend by Bob Chadwick, Newmarket. He won it in a shoot at Forest Hill Village school in which 50 people took part.

A charter was received 17 years ago to hold the Scorton Silver Arrow shoot in Canada and Harry Markham, a Newmarket archer and bow and arrow manufacturer, who won it in 1948, says that the shoot will be held in Newmarket next year.

"The winner of the Arrow, who is called the captain of the Silver Arrow, has the responsibility of organizing the next year's shoot and Bob says it will be held here," says Mr. Markham. Mr. Chadwick's skill with the bow is exceptional because he only started shooting a year ago July.

There are two classes in the shoot, one for men at 100 yards and one for ladies at 80 yards. Myrtle Broadbent won the ladies' Silver Arrow. Harry Markham won the men's Silver Bugle, second prize for men, and his daughter, Frances, 14, won the Silver Bugle for ladies' second prize. Mr. Markham also won the clout shoot, hitting a target placed flat on the ground at 180 yards.

Mr. Chadwick and the Markhams are members of the Newmarket Archers, founded last year, and will be the hosts for next year's shoot.

FACE THEFT TRIAL

Two Toronto men were committed for trial Tuesday morning at magistrate's court in Bradford on charges that they robbed the Bradford bank July 26.

FIGURE SKATING FEES

All members of the Newmarket Figure Skating club are reminded that the fees of \$14 are due by September 15 and are payable at the Dominion Bank.

NEWMKT., AURORA

SHOW GROWTH IN POPULATION '41-'51

Newmarket has shown a substantial population increase, over 25 percent, in the ten years from 1941 to 1951, according to the preliminary census figures released this week. Newmarket has a population of 5,323 compared to 4,026 in 1941.

Aurora also shows an increase, from 2,726 in 1941 to 3,326 in the latest census.

No figures have yet been given for the townships or villages and it was stressed that the above figures are subject to revision.

Both Newmarket and Aurora are experiencing a steady growth, much of it from people leaving the city area and making their homes here while commuting to their city jobs.

Above is a view of the interior of the Newmarket arena taken shortly after the Horticultural Society's exhibits were placed there on Friday night. The fair drew an estimated attendance of well over 12,000 during its four nights. Photo by Budd.

Mayor Vale and Eugene McCaffrey, chairman of the trade fair committee, are shown as Mayor Vale declared the third annual fair officially open last Wednesday night. After four successful afternoons and evenings, Mr. McCaffrey, in a short closing address late Saturday night, attributed the success of the fair to the manner in which all participants co-operated. "I want to thank everybody who worked so hard to make this fair the success it was," he declared. Mr. McCaffrey was presented with a pen and pencil set by the exhibitors in appreciation of his efforts. Era and Express photo.

District Employment Reported Good Despite Leather, Harts Lay-Offs

The Newmarket, Aurora and district employment picture is generally good despite continuing lay-offs at two leather plants and the indefinite shut-down of Hart's Mfg. in Aurora. Collis Leather in Aurora is operating with a limited staff and the Davis Leather Co. in Newmarket is reported to have about a third of its normal working force on duty.

With the exception of these three "soft" spots, the labor picture is generally bright and in some instances, there is a heavy demand for more help. Farmers and marsh gardeners are asking for all the help they can get, according to Gordon C. Downward, supervisor of the district unemployment office at Newmarket.

There is also a continuing demand for qualified carpenters in the construction business, Mr. Downward reports. There has been no lessening of construction in the area covered by the office and which includes Aurora, Newmarket and North York generally.

Other potential employers are road building firms at work on the Barrie highway. That job is being pushed and already there has been a call for labor.

At present the unemployment office has 220 men and women in the district registered with them as unemployed. A run down of district industries shows all of them, with the exceptions noted above, operating at capacity and in some instances, as in the case of Guild Industries, running overtime shifts.

Hart's Mfg., which makes electrical switches and other requirements for the appliance industry, closed down for holidays on July 13 and extended the break another two weeks to August 13. The plant re-opened on August 15 but closed down indefinitely on August 17. The plant normally employs about 125.

The firm is reported to have plenty of orders but its customers are holding back because credit restrictions have lowered applications.

FREAK COB

Seymour Andrews, Davis Dr. Newmarket, was hushing his corn the other morning when he discovered a freak growth of four fully formed ears attached to a fifth and larger ear.

FIDDLERS' CONTEST, AUCTION SALES AT KESWICK FUN-FEST

Big doings are planned for Keswick over the month-end weekend. On Friday, Aug. 31, and Saturday, Sept. 1, an antique show and sale are planned at the North Gwillimbury Memorial centre and on Saturday there will be a parade of decorated cars and bicycles lead by St. Andrew's Girls Pipe Band.

There will also be men's and girls' softball games and a tug-of-war contest for the Canadian Legion shield and a horse-shoe pitching contest for the Lake Simcoe championship trophy.

A highlight of the day will be the donkey ball game with South Beach playing the North Beach. Another feature will be the old time fiddlers' contest with good prizes in each of three age groups.

There will be a clown band and show, pony rides for the children and on Friday and Saturday nights, dances in the arena. The draw for the Optimist club car will be made on Saturday night.

400 Entries In Horticultural Show 'Best I've Seen Yet' Judge Says

Over 400 entries were recorded in the Newmarket Horticultural society's summer show in the Memorial Arena on Saturday. The show, the heaviest in many years, was judged by Leonard Butt, well-known commercial plant grower.

Mr. Butt called attention to the many wonderful species exhibited in the Horticultural society's show which he felt was the best he had judged in Newmarket. "It's small wonder Newmarket has such a high reputation for growing flowers when you can produce a show like this," he told the committee members.

Howard Proctor and Howard Hugo were co-chairmen of the show committee. Both men were pleased with the co-operation given them by the society's members and the excellent quality of the many entries.

Many new exhibitors were welcomed to the show which featured over 125 separate classes and many new prizes. It was the largest vegetable exhibit held by the society.

Orley Hayes won the T. Eaton Trophy awarded to the exhibitor with the highest number of points in the flower shows for the year. He had 11 first and eight second prizes. The cup for the sweep-

stake glad, donated by Charles Harman, was won by Mrs. Charles Harman as was the cup donated by Russell Hughes for the best spike of gladioli introduced after 1946.

Mrs. Louise Hayes won the first prize, one dollar in bulbs, for the sweepstake glad in the beginners' section. Charles Simmons won the Perk's donation of one bag of fertilizer for having the highest number of points in the beginners' section.

Prizes donated by the Bank of Montreal for the best living room basket went to Mrs. Charles Harman and Arthur Ainsley. Mrs. Harman won the first prize for cut flowers' display donated by the Dominion Bank. Howard Hugo took second prize in this class.

Mr. Mathews, Keswick, took the cup this year for the highest points in the vegetable class. The cup was donated by Howard Proctor.

Prize winners in the public school wild flower vase included, first - Edgar Fildes, second - Lynda Purcell, third - Jane LeGresley and special (basket of glads) - Gail McKnight.

The \$15 groceries donated by Loblaw's in the exhibitors' lucky draw was won by Helen McBride.

Community Park Proposal, Pool, Diamond Get Support

GOOD FRIEND, THE SKUNK

Don't Shoot - He Is Helping You

Have skunks been digging up your lawn? Let them alone. They are killing off an insect pest which, if unmolested, will completely destroy the lawn.

This advice comes to us from H. Smith, Gorham St., Newmarket, who, intrigued by the holes in his lawn and suspecting the skunks, wrote to naturalist Hugh Halliday for further information.

Mr. Halliday replied that he had been very glad to hear that his very close friends, the skunks, had been at work, that the holes were caused by the skunks digging for the larvae of the May or June beetle. The beetle, he said, if left alone, would completely destroy the lawn.

"Leave the skunks alone and they will clean up the beetle larvae," he writes. "Most persons blame skunks for digging up their lawn and destroy the skunks. Then they have the much bigger problem on their hands of the white grubs. Their lawn turns brown and since there are no skunks to eat the grubs, they are stuck with their problem," he adds.

Mr. Smith says he has heard that someone in the neighborhood shot a skunk on his lawn but that, while apparently hurt, it was able to escape. He points out it is against the law to discharge a fire-arm within the limits of town.

School Enrolment High, Open New N.H.S. Wing, Pay Aid On P.S. Books

Many changes will mark the opening of the Newmarket schools on September 4. Among them are additions to the teaching staffs, increased enrolment among the students in all schools, the opening of the new wing at the high school and the purchasing of the text books for all elementary school children.

Staff changes in the public school include the transfer of Francis Hollingsworth to the Prince Charles school as assistant principal. Mrs. Muriel Burger replaces Mrs. Elsie Czernick at Alexander Muir school and Margaret Barry, coming from Stouffville, replaces Mr. Hollingsworth at the Stuart Scott school.

Rosana Kelly replaces Mrs. Joan Bailey at the high school. Miss Kelly, a graduate of the Ontario College of Education, will teach French and girls' physical training. This is her first school.

Marjorie Gardiner will teach home economics and Harold Cunningham will teach general shop work at the high school this year. These two additions to the teaching staff will occupy two of the three rooms provided in the new wing. Miss Gardiner comes here from London schools, while Mr. Cunningham taught last year at Uxbridge. He is a former student of Newmarket high school.

Enrolment in the Newmarket schools is higher this year than in 1950. In the high school the expected enrolment is approximately 500, an increase of about 70 over last year's.

J. W. Lockhart, principal, said that the general increase this year is spread throughout grades 9, 10 and 11. Last year's definite increase in grade 9 has carried over into the grade 10 classes.

In the public schools over 100 new registrations have been received with some yet to come. These are confined mostly to kindergarten and grade 1.

Kindergarten pupils living west of the C.N.R. tracks will attend kindergarten in the forenoon when school opens in September. Those residing on the east side of the tracks will have their class in the afternoon. About half-way through the school year these classes switch so that the east side kindergarten children go in the mornings and the others in the afternoons.

H. A. Jackson, supervising principal of the Newmarket public schools, said that parents are cautioned against purchasing text books for elementary school children prior to the opening of school. Pupils are not required to purchase their own text books. According to a departmental regulation passed about six months ago, each school board receives a grant from the provincial government of \$3 per pupil based on the average attendance during 1950.

A list of text and supplementary books will not be published this year. The individual teachers will inform the children on their first day of school regarding any supplementary supplies which are required. A list of high school texts for the first two grades are found elsewhere.

COMING EVENTS

Friday, Aug. 31—Donkey baseball between Newmarket Optimists and an "All Star" town league team at Stuart Scott school grounds. 6:00

Friday, Sept. 1—The famous Munding Accordion Band will be at the Newmarket Memorial Arena, sponsored by the Newmarket Lions Club. 6:30

Thursday, Sept. 20—The Evening Branch of St. Paul's W.A. will hold a used clothing and White

The possibility that Newmarket may yet have a swimming pool in the near future has been strengthened in recent weeks. The publication of a sketch of a proposed community park at the old fair grounds has caught the imagination of young and old and suggestions and offers of assistance are growing.

Attention has been focused on the fair grounds ever since the work of placing floodlights there began. This project, under the chairmanship of Charles VanZant with a committee of Albert Topham, George Haskell and Ken Flett, has reached the point where the poles are being put into position this week and it is expected that the lighting equipment will be installed shortly after.

The committee still has a big job ahead of it. More funds are required to reach the objective of \$5,000. The committee has collected over \$2,000. But with this start, the committee has visualized the park as a major recreation centre with playing fields, swimming pool and other facilities. These possibilities were embodied in a sketch published in The Era and Express and the idea has received many expressions of approval.

Indicative of the support has been the offer of the Davis Leather Co. Ltd. to pay the wages of Davis employees working on the swimming pool. No committee has been named as yet to consider this possibility.

The Lions are said to be interested in the swimming pool idea and it is expected that some definite expression of policy will follow an executive meeting this week.

There is a strong belief, shared by the Lions club members, that the project should be community wide and include all other town organizations.

As the situation stands now, a start has been made towards a community park with the erection of the floodlights. The original committee also plans on renovating the fair grounds diamond and repairing the bleachers. With this job out of the way, it is pointed out that the next step of a swimming pool or playing field could be started.

"It is the kind of continuing project which might be spread over several years with all organizations participating and with a master plan for an all-round recreation centre there," says Charles VanZant, chairman of the present committee.

"A start has been made on the floodlights. With help, it can be completed and paid for in short order. Then a representative committee can decide on the next steps."

Those Donkeys Are Back Again

Two nights of Donkey Baseball are being sponsored by the Newmarket Optimist club next Thursday and Friday. The Optimists on "bucking steeds which haven't been fed for a week, wild and ready to go," will meet an all-star town softball team Thursday, Aug. 30 and the Canadian Legion Friday, Aug. 31.

The donkey ball games start each night at 7 p.m. A parade with players in costume will leave the town hall at 6:30 for the ball park at the fair grounds. There will be a lucky admission ticket in the crowd. The prize will be presented to the holder each night at the game.

The Optimists are also giving a prize to the boy or girl, 15 years of age or under, who can detect the one misspelled word on one Optimist Donkey Baseball poster. Those eligible are asked not to remove the poster but to write their name on a slip of paper stating the word spelled incorrectly and stating where the poster is located. Slips will be accepted at the Era and Express office starting Monday. Children are asked to mark down the time they hand them in.

The proceeds collected by the club from the Donkey Ball games will go towards boys' work in Newmarket.

Frank Vandenburg, Newmarket, who has lost practically all vision, displayed an interesting array of baskets and furniture, products of his own skill at weaving at the Trade Fair. Mr. Vandenburg's display was in the centre of the arena and space was provided for him by the merchants and Horticultural Society. He has lost his sight except for ten percent vision in one eye but despite this handicap, has developed a high skill at weaving. Era and Express photo.

Mount Pisgah News

Mr. and Mrs. Harry Smith were weekend visitors of Mr. and Mrs. Wm. Grant at Stayner.

Mr. and Mrs. Gordon Hodgson and family, Unionville, and Mr. and Mrs. R. Hodgson, Toronto, were Sunday visitors of the Ian Reids.

Mr. and Mrs. Clarence Wright and Harry were guests at the Holborn-Taylor wedding at Sutton last Saturday.

Mrs. Wm. Haines, Donny and Yvonne of Toronto were recent visitors at the home of Mr. and Mrs. Robt. Johnson.

Mr. and Mrs. Clarence Spencer and Eileen and Mrs. Spencer Sr. of Toronto, are visiting Mr. and Mrs. Clarence Wright.

Mr. and Mrs. Wallace Gillies are entertaining Mr. Gillies' sisters from Nova Scotia.

St. James' church Guild is holding a home-bake sale on Mrs. Thomas' lawn on Saturday, Aug. 25, at 1 o'clock.

Service at the United church on Sunday will be held at 9 a.m. Sunday-school will start on September 2.

Mrs. Emma Farr spent a few days with her niece, Mrs. Levi Weddel.

Mrs. Chas. Montgomery, Toronto, spent a few days with Mr. and Mrs. W. Grose and Kay.

Mr. and Mrs. Kenneth McLeod and boys of Detroit, Mich., spent the weekend with Mr. and Mrs. Fred McLeod.

Mr. and Mrs. Dan Gill, Janet and Graham, visited Mrs. Gill's brother and family, Mr. and Mrs. Henderson, at Dixie on Sunday.

Mr. and Mrs. Fred Hall and Mr. Arthur Hall were Sunday guests of Mr. and Mrs. Stephenson in Aurora.

Mrs. Elsie Galbraith, Brantford, spent a few days with her sister, Mrs. Lindsay Farr.

Mr. and Mrs. W. O. Robertson and children spent Thursday night with Mr. and Mrs. Fred Hall.

Mr. Ronald Farr is spending a few holidays at MacTier.

KETTLEBY

Christ church Ladies' Guild held its monthly meeting in the parish hall on Tuesday, Aug. 14. We welcomed as visitors Mrs. Bird and Mrs. Thompson, a new-comer to the village. The quilt was finished during the day. Several cups and saucers were handed in.

Mr. and Mrs. N. Greensides, Sylvia and Nancy enjoyed a motor holiday last week. Among other places, they visited friends in Windsor.

Mr. W. Crane and Mr. Brown spent a week's holiday at North Bay and vicinity, returning home Saturday evening.

Mr. and Mrs. P. W. Hall, their granddaughter, Geraldine, and her husband visited Mr. Ryder and Mrs. Ansell in Tottenham last week.

Mr. and Mrs. Medhurst, Mr. and Mrs. Varney and Mr. and Mrs. W. Crane were Sunday guests at the home of Mr. and Mrs. F. Crane.

On Friday, Aug. 17, our friend and neighbor, Mr. Henry Van Eschen, passed away. He had only lived among us for a few years but he was one of the greatest optimists it has been our pleasure to know; always making plans for the future, contented with his little home, chicken and cats; a great lover of flowers, he always had a nice garden.

He was a Belgian, all alone in this country and we, his neighbors, wish to thank our reeve, Mr. Armstrong, representing King twp. council, for the nice manner in which the funeral was carried out, also Dr. Rose, Mr. Thompson and all others who helped arrange it. Also to Rev. Warren who conducted the service and spoke such words of advice and comfort.

It's good to see neighbors rally round to show their respect and honor to one of a different nationality proving that democracy really works.

He was laid to rest in Kettleby cemetery on Monday, Aug. 20.

VANDORF

Mr. and Mrs. John Crawford and family and Master Billie Richardson motored to Collingwood on Sunday.

Mr. Mackay McLean of Moncton, N.B., arrived Saturday to join his wife who is visiting her parents, Mr. and Mrs. H. A. Switzer.

Mr. and Mrs. H. C. Powell, Bryson and Mary are holidaying at Windermere, Muskoka.

Mr. and Mrs. H. A. White accompanied Mr. Harold Duncan and daughter Erma of Todmorden last Wednesday and motored to Picton and Belleville.

Mr. and Mrs. John Irwin and children visited Mr. and Mrs. Lorne Johnston and family of Claremont on Sunday.

Mrs. Clayton Pogue and children, Mrs. Harry Lavender and Michael, and Mrs. Fred Patten and Linda are spending a week's vacation at Lake Simcoe.

Mrs. Maude Rolfe of Toronto spent two weeks with her niece, Mrs. J. Sullivan, and Mr. Sullivan.

Mr. David Miller had Sunday tea with the Baber family.

Our sympathy is extended to Mr. and Mrs. Dudley Foster in the loss of their baby.

KESWICK

Miss Eleanor Mahoney and Miss Aileen Williams of Toronto were weekend guests of Miss Bessie Terry.

Mrs. A. Gilroy and Miss Eva Gilroy left last week to visit at Mr. Russell Gilroy's, Oakville.

Mr. and Mrs. Hogg, Keswick Beach, entertained a large family gathering of 20 out-of-town relatives on Sunday.

Rev. and Mrs. Fockler and Miss Margaret Fockler of Markham are holidaying at their Keswick Beach cottage.

Mr. and Mrs. R. Hobson will attend the Greenhead-Hayhurst wedding in Dufferin St. Baptist church, Toronto, Friday evening, Aug. 24.

Mrs. H. Leppard is spending a couple of weeks as a guest at Cedar Glen Rest Home, Keswick.

Mr. and Mrs. Murray Hobson and son of Willowdale were weekend guests of Mr. and Mrs. R. Hobson.

A stork which for 24 years has been dive-bombing the home of Adelbert Smith, 56, Zurich, Ont., farmer, paid another visit recently and brought Mrs. Smith her 21st child, 19 of whom are still living. The 45-year-old mother, seen above, welcomed the latest arrival, a boy, and declared she is in favor of large families for "folks who have them will never be lonely." Poppa Smith experiences no farm labor problems, for his 13 boys have become experts with tractors and are ideal "handymen." The happy couple is accustomed to large families as Mr. Smith was one of a family of 14 and his wife had five brothers and sisters.

Forage Harvester Demonstrated

In spite of ideal harvesting weather, about 250 farmers gathered at the farm of Harold Coakwell, Markham, on Friday evening for a twilight demonstration sponsored by the York County Crop Improvement Association on harvesting and threshing with the use of a forage harvester. Originally made for cutting hay or corn for silage, this machine is now being used to pick up the grain in the field. At 7:00 p.m. the cars began to roll in from all over the county. Part of the crowd watched the grain which had been swathed previously by the binder being picked up, cut and blown into three forage wagons, with deep boxes, which shuttled back and forth to the field from the barn. When the loaded wagon arrived at the forage blower, the straw was raked onto the feed table and blown through the blower pipe into the cylinder of the separator, already partially threshed. The separator in turn blew the straw into the mow or stack and the good grain was blown or elevated to take it into the granary.

This system was tried last year and explained to the annual meeting of the York County Crop Improvement Association, and was eagerly watched by the farmers who were interested to see the triple duty by the tractor at the barn which drove the thrasher with the belt pulley, while the power take off drove the forage blower which in turn assisted in unloading the wagon by pulling the chopped straw and grain back into the feed auger.

A visit was next made to the farm of Creighton Bros., Agincourt, to see a very inexpensive type of loafing pen and "milking parlor" where the cows are being fed grass silage the year round. The grass silage was examined closely by everyone particularly that taken from a grass silage stack.

The third call was at Sam Gough's, Milliken, where another forage harvester demonstration was given with a somewhat different hook-up of the machines, the blower this time being operated from a pulley on the cylinder shaft of the thrasher.

The group then adjourned to the lawn where the moonlight was supplemented by flood lights. President, Albert Ruthford, called on Professor H. W. Goble of the Ontario Agricultural College to explain the life his-

W. M. Cockburn, agricultural representative, announced that applications for entry in the 50-Bushel Wheat Club will be received up to October 15 and the rules are available now for anyone interested. All contestants this year must use registered seed and he will supply the names of registered growers who wish to secure seed.

GOOD YEAR Tires

The Story Of SHARON

By
ETHEL WILLSON TREWHELLA

This is the eleventh installment of a continuing "Story of Sharon" from its founding to the present. The story was written after almost two years of research and will, we believe, be a major contribution to knowledge of the past. The remaining installments will follow weekly.

Children of Peace Feasts
Much has been written and more has been told of the Feasts held by these remarkable people, the Children of Peace. So far as known the first of these celebrations took place in September, 1818, and was prepared by the wives and mothers of the Society. It was a Harvest Home dinner and was served in the open air on the plot of ground where in 1819 the first Church, or Music Hall, was erected.

This autumn Feast came to be known as the Feast of First Fruits. To honor the birthday of David Willson the members of the Society provided another Feast in June and this last later was called the Feast of the Passover. Until after the large Meeting House was built in 1843 these Feasts were held in the open air in the Temple field.

The earliest printed record found of these Feasts is of September, 1832. That was the year of the founding of the Newmarket Era. There the notice appeared that on the 3rd of September the Feast and Illumination of the Children of Peace at Sharon would take place and that service for worship would be held at the same time and also on the following day at 11 o'clock.

"133rd Psalm - Behold how good and how pleasant it is to see brethren dwell together in unity.

"This is our purpose and design. Cause of restrictions to remove. Of cords compose a union line. Good will to others to improve. Why should not brethren well agree

How many fathers do we own? Lord, all profess to worship thee But to each other we're unknown." David Willson

Each year from 1852 notice of these celebrations appeared, and each was of interest by the accompanying verse.

The June Feast of 1855 aroused the attention of the public by the following:

"Although we're frail of good design

That sects as one another join— And all that's of the moral kind In peace and love with them be joined—

This is our theme - this is our grace To meet our kindred face to face."

For the September Feast of the same year he contributed a longer effusion:

"We dare not give an invitation Nor extend abroad a call, We only name our inclination - To do justice unto all. Our little crumbs we cannot number

Unknown, they may be less or more, Sometimes above, sometimes under,

As often they have been before. We are not wise in revelation, No wonders we to others show; We only are an invitation Of what we do intend to do. For we are much in want of teaching

And wiser men may find us so; But if we could we would be preaching Every little thing we know."

Preached To 500

An account published following this event relates that the Feast and Illumination were much better attended than on any previous occasion. The Temple was illuminated as also were several stores and private residences. David Willson preached to about 500 people. He was quite aged and enfeebled but talked for nearly an hour. The Silver Band played throughout. Refreshments ran out so the tickets were refunded.

The account of the September Feast of 1860 tells that "the usual autumnal Illumination and Feast in connection with the Children of Peace took place on Friday evening and on Saturday. The attendance was better than for years past. The Temple, as were other buildings in the village, was lighted throughout. Mr. Willson preached a lengthy discourse, the choir sang and the band played.

"On Saturday the large Temple was literally crammed full, the best of order prevailed. At the close of the service a procession formed headed by the standard bearers and the Sharon band when they marched to the Meeting House where between four and 500 partook of the excellent refreshments provided. With the exception of crowding to gain tables everything passed

off in an orderly manner. "On all of these occasions Mr. David Willson takes the lead, and although a very elderly man, to all appearances he is as young as when he first came to this section of the country. After the assembled crowd had feasted the band played a number of lively airs in front of the Meeting House, the last being God Save The Queen."

On occasion pranks had been played at the time of these events. If a young fellow was unsuccessful in gaining the company of the girl of his choice he determined that the other fellow should not get off without being penalized, so obstructions were placed across the road. A paper of September, 1863, remarked that "it hoped the good sense of those attending would prevent the unseemly and dangerous practice of placing these uncouth barriers on the highway."

In the spring of 1862 the notice of the June Feast again appeared. "Our motive in holding a Feast is - first we manifest our union as a people; second, as a corresponding friendship with all classes or orders of people professing religious morality and the worship of one sacred God. We manifest our amity hereby in the presence of all the religious circles of life, without professing superiority in belief, or our religious offerings to the one great and sacred God.

"Our Bread and Wine at half-past one,

No wine nor spirits do we use; And all that will may freely come,

No sect adore, nor none abuse." Solicitor General Speaks

Following the Feast the new Solicitor-General, West, addressed the gathering on the views and policy of the new Government. At the September Feast of that same year a temporary platform was erected in the Meeting House yard. Mr. John Reid was called to the chair. Mr. McMaster, the candidate for the coming election spoke for an hour on financial reform. A resolution of confidence was passed pledging support.

The Feast of June, 1867, was the first to be held after the death of its founder, David Willson. John D. Willson occupied the place of his father and the Sharon Volunteers, under command of Captain Selby, turned out for drill and rifle practice.

John D. Willson retained his interest in the band after the death of his father and in so doing he continued to inspire them to further efforts. It is on printed record that the Silver Band of Sharon competed at the great Philadelphia Centennial in 1876, and that there they won the First Prize as the best band in North America.

The autumn Feast of 1874 had as guest, Mr. Dymond, the member of Parliament. As customary the procession was headed by the Sharon Band.

To Sharon in the Rain

An account has been found of the Feast of 1880 which is specially interesting because of the description of the trip to Sharon. It was a drive by stage during which a violent rainstorm blew up. The passengers were almost washed from their seats, - they envied the horses from whose coats the drops rolled.

A lady passenger, an American, unfurled her family umbrella and remarked that the rain was 'jolly'. The men, as they dragged a sodden piece of skin which the driver called a buffalo robe, romanced, and said that particular storm was the pleasantest they had ever experienced. The lady passenger who had built the first dwelling house in Newmarket. Their conversation consisted of comments on the moist landscape, they noted that the burying ground was surrounded by a neat white fence, that the grass was clipped and the flowers well cared for.

Still in the heavy rain the stage drew up at the door of the only hotel where the rooms were filled with visitors and the stables and driving sheds could not accommodate all the vehicles and horses. Across the road the procession was forming. John D. Graham led the band. John D. Willson, old and bent, with venerable locks falling from beneath his broad-brimmed hat, headed the procession, while members of the Society and visitors formed, two and two, and the band struck up a mournful hymn tune.

At the Feast of 1883 present were John D. Willson, aged 87 years. Charles Doan of Aurora was present for the 64th time. Also Hugh D. Willson and Mrs. George Brammer, and Mr. William Mainprize of Mount Albert who had assisted in hauling lumber to build the Meeting House. There were also on this occasion Judah Lundy, Robert Thompson and wife, William Selby, Benjamin Lepard, Silas Lepard, Isaac Haines, John T. Stokes and wife, and James Silver.

The service of the September Feast of that year was conducted

Pages from the Editor's Notebook

A gentleman lately retired enquires why it is necessary for town industries to blow their whistles in the morning, at noon and at five p.m. "Makes Newmarket sound like a whistle-stop," he snorted.

Well, he may be retired from work but he certainly hasn't retired from controversy if that's the kind of questions he is going around asking people. That whistle question has been batted around for years without anyone being particularly satisfied for long.

We seem to recall that some years ago, council was petitioned to stop the whistles and then council was petitioned to resume the whistles. Seems there was a 6.30 whistle then and that has since been stopped but even then, there were complaints that the working man couldn't get wakened up without its help.

If we remember the last dispute about whistles was during war time when clocks were hard to get and this point was the argument for the pro-whistle faction. Albert Higginson was a member of council and again, if memory serves, strongly espoused the whistles. But, as our retired gentleman points out, Davis Leather has been running for the last couple of weeks without the benefit of its whistle and no one seems to be objecting very much.

We visited the Toronto art gallery on Sunday and saw the Viennese Art Collection, that fabulous treasure trove of paintings by the old masters, fine tapestries, armor and jeweled dishes, plates and other objects. The collection is without comparable value in the world and its worth has been estimated at many millions. The fact is that it is irreplaceable and its value, we would suppose, depends upon how much the western world values such monuments to its tradition and culture.

From the Files of 25 and 50 Years Ago

AUGUST 20, 1926

"Peter Wilton, Jr." owned by Mr. Roy Shaw, Newmarket, won the \$200 purse at Brockville Fair on Tuesday in a trotting race.

Miss Queenie Moilenhauer is in town for a couple of weeks prior to leaving for Winnipeg where she has accepted a position.

A splendid market last Saturday morning. An abundance of fruits and vegetables but butter and eggs were none too plentiful. Prices were, butter 35 to 38 cents a lb., eggs 30 to 35 cents a doz., dressed chickens 40 cents a lb., potatoes \$2 a bag, green cucumbers large size 5 cents each or 2 smaller for 5 cents, lettuce 5 cents a head. Cherries were 40, 75 and 90 cents according to size, ripe tomatoes 10 cents a lb. or 3 lbs. for 25 cents.

The public school board at "The Hollows" has engaged Miss Nedra Williams, Newmarket, as teacher for the ensuing year.

Miss Ruby Moss, Newmarket, daughter of Mr. and Mrs. J. O. Moss, has been successful in obtaining a silver medal from the Toronto Conservatory of Music, being a tie for the second highest marks in the senior sight singing.

The annual doubles tournament of the Newmarket tennis club was held on the club courts on Wednesday. Eighteen teams were entered. The winners of the men's doubles were Dr. Lyon and Mr. Hippenstall, Woodville, and the women's doubles were Miss Jean Hunter and Miss Doris Stallard.

The Women's Missionary Society of Snowball held a lawn social on August 13 at the home of Mrs. Bateman. Mayor Walton, Aurora, acted as chairman and the program consisted of solos, banjo duets, several readings by a Toronto elocutionist and piano duets by ladies from Boston after the supper.

The gallery was crowded and it was interesting to note how many of the visitors, by their speech, were only lately arrived from Europe. About a third, we would guess, were New Canadians or only one generation removed from Europe.

Our interest in the collection was somewhat academic. We are not knowledgeable enough about art to thoroughly appreciate the riches which were hung on the gallery walls but we were fascinated by the thought that all this had been collected through the centuries, that in its sum, it represented some of the best of our western tradition.

Here were works of art that we would never see again, that it was surprising that we should even have had the chance to see, if only fleetingly. These were the treasures of a royal family whose dynasty spanned five centuries or so, an accumulation of riches without parallel.

The provincial department of agriculture has published a slick paper pamphlet entitled "Farm Life in Ontario" which, at first glance, suggests that life on the farm is only one short step removed from paradise. Well, for the few it may be so but from what we hear and see, farm life, like any other way of living, has its disadvantages and right now, there are several.

If the province had intended the booklet as an advertisement for farming, then they have succeeded admirably. Only the best is shown. Farm readers will get quite a kick out of the picture of the farmer and hired man reading the newspaper on the front lawn in what looks like perfect haying weather.

Ontario has considerable virtue as a farm province but these virtues can be over-emphasized. A reference to some of the disadvantages would add a needed touch of reality.

AUGUST 23, 1901

Good crowd at the market last Saturday and lots of butter and eggs. Butter advanced to 20 cents for extra choice but eggs remained the same — 10 cents to hucksters and 11 cents in small lots. Apples were 20 to 35 cents a pk., plums 40 cents a basket, pears 10 cents a pk. Cucumbers for pickling were 25 cents for 100, ripe tomatoes 35 cents a basket. New potatoes sold at 20 and 25 cents a pk. and green corn at 10 cents a doz.

There was another strike on the new Schomberg road last Monday and only five shovellers went to work. The men want their pay every two weeks instead of monthly.

Mr. Fred Silver, Sutton, is on a trip to the North West to visit his brother Oliver, who resides there.

Mrs. Roche entertained at an "at home" on Monday evening to a few friends in honor of Miss Audrey Campbell.

About 700 people attended the picnic of the Wm. Cane & Sons employees at Bond Lake on Friday. The Citizens Band and Weir's orchestra provided music during the day and for dancing in the evening. Geo. Trivett and Jack Morrow were starters for the races and Mr. W. McHale was judge.

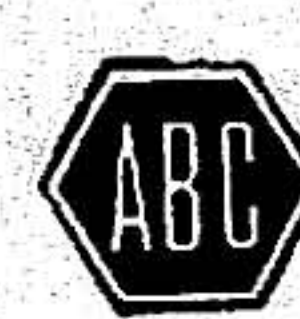

The barn belonging to Mr. Harrison Rose, Centre Rd., 2½ miles south of Mt. Albert, was struck by lightning during the storm on Thursday afternoon and burned to the ground. Nearly all this season's crop including the hay, fall wheat, barley and rye and a mower were destroyed.

Lady Edgar and family intend leaving Roch's Point soon for a two years' stay in England.

Mr. Alfred Willson, Toronto, formerly of Sharon, has been promoted to the position of senior commissioner in the Canada Company.

PAGE FOUR

THURSDAY, THE TWENTY-THIRD DAY OF AUGUST, NINETEEN HUNDRED AND FIFTY-ONE

FRIENDLY RIVALRY

We congratulate the Midland Free Press Herald on winning the David Williams Cup in the Canadian Weekly Newspaper Association "Better Newspapers Competition" this year. The cup is offered annually to the Canadian weekly newspaper with 3,000 circulation or more judged to have the best editorial page. The Era and Express won the cup last year and came second this year.

The editorial pages of four issues, picked by the judges, are considered for impressiveness (maximum five points) and opinion and material (maximum 20 points). The Midland paper was awarded 4.94 points in the first, 17.81 in the second for a total of 22.75 of a possible 25. The Era and Express was awarded 4.75 for the first, 17.25 for the second for a total of 22 points.

We derive considerable personal satisfaction from the closeness of the competition as, we are sure, Editor Bill Cranston does for it is in the tradition of friendly editorial rivalry which has developed over the last three years or so. In 1949, for example, the Midland paper won the Williams cup and The Era and Express was second. In 1950 The Era and Express won the cup and the Midland paper was third. And now in 1951, Midland is again first and our paper second.

The same close competition is evident for the Legge Memorial trophy for the best editorial page in Ontario and Quebec weeklies. In 1949, The Era and Express and the Midland paper tied for second place after the Fort Erie Times Review. In 1950, The Era and Express won the trophy but the Midland paper was not entered because its editor was one of the judges. In 1951, The Era again won the Legge Trophy with the Midland paper close on its heels.

But the Midland paper has another distinction. In competitions for the best front page and the best all-round paper, it placed second to the Barrie Examiner this year and last year won the Mason Trophy for the best all-round paper.

We congratulate the Midland paper and its editor again and hope that next year the close rivalry will be continued.

THOSE HIGHWAY SIGNS

A committee of the Newmarket council has decided in favor of placing large traffic warning signs at the approaches to Newmarket. It is reassuring to know that the matter has been given attention but it is most unfortunate that nothing was done until the end of the summer, and some weeks after the heavy harvests of speeders on Davis Dr. and Eagle St.

We hold no brief for speeding drivers but we have questioned the practice of clocking them from the shadows, so to speak, when there haven't been adequate warning signs. After all, there is little gained by waiting for the offence to be committed before penalizing the offender when placing large signs warning of speed limits would reduce the offences.

But council action on speed signs does present us with a problem. Are we to be hopeful that with the one out of the way, the council will now provide the direction signs so long advocated, or does the lateness of the speed signs mean another weary wait. Most of the summer traffic has gone up Yonge St. and as ignorant as it was before of Newmarket's location.

It may seem difficult to believe but Mr. Cecil Taylor at the service station on the corner of Davis Dr. and Main St. vouches for the authenticity of the experience. An American tourist drove into Mr. Taylor's station and asked for gasoline. While being served, he consulted a road map. Then he asked the serviceman: "Where is Newmarket?"

Where is Newmarket? And what is Newmarket? The home-town folks know the answer but strangers don't. Summer travellers could mean business for Newmarket but they will continue to pass us by, ignorant of our experience, until we take some steps to tell them on the main roads where we are and who we are.

IN THEIR OWN INTERESTS

The success of the Newmarket Trade Fair is evidence of what can be done when Newmarket businessmen work together in their common interests. Is it possible that this same working together could be carried a step further to, say, the organization of a businessmen's association? The history of businessmen's organizations in Newmarket is embarrassing to recall. It is a dreary recital of high hopes abandoned because of general apathy. Time and again, Boards of Trade and Chambers of Commerce have been established, only to falter in a year or so as their members ignored them.

One reason has been that such organizations placed their objectives beyond the ken of the Main St. businessman. He was not particularly interested in

the lofty ambitions of the national bodies; he simply wanted ways to improve his own business and he wasn't getting them. But a local organization, built upon the foundation of a successful trade fair and directed at improving Newmarket as a business centre, is a project all businessmen can support, and should support on their own behalfs.

All of the businessmen on Main St. are, for example, familiar with the ill-will generated by the tagging of speedsters passing through Newmarket. All realize the law must be obeyed but we think all will agree that the law could have been enforced with a little more finesse. The erection of warning signs would have helped. The council now favors this undertaking, some weeks after the heaviest of speed harvests. A businessmen's organization might have done the job in the beginning.

The same sort of reasoning applies to the erection of signs on Yonge St. telling about Newmarket. That matter has been before council for some weeks without any action. But because the provision of such signs are so immediately in the interest of Newmarket businessmen that had there been an organization, the job could have been done at the beginning of the summer.

The plain fact is that if the businessmen continue to leave such matters to other bodies in town, they will continually put up with these delays. Even the trade fair, which has come to mean so much to local business, is sponsored by the Horticultural Society and not by the businessmen who benefit by it. Everything points to the advantages of establishing a local businessmen's organization; to fail this is to invite loss of business.

SHOULD BE A MORAL HERE

Lamprey eels have been a costly nuisance to commercial and sport fishermen on the Great Lakes, so much so that the provincial government has put up weirs and other impediments to trap them during the spawning period. The eel is an unpleasant creature to look at and its methods are not in best taste. It fastens itself upon trout and other fish and lives by the blood it sucks from its victims.

The department has had fair success in trapping the eel. Thousands of them have been caught in the weirs and they and their offspring removed from the living. And now some enterprising food manufacturer has learned to package the eels, after suitable processing, and is selling them as hors d'oeuvre. They have a flavor somewhat resembling anchovies. Last year he bought half of the catch from the government and wishes he had bought all of it so that he could export the product to the States.

There are strong possibilities now that the lamprey eel will be sought for its worth in dollars as well as because it is a nuisance. It gives one cause for reflection to learn of this development. The governments of the United States and Canada have spent years and thousands of dollars trying to find ways of ridding the lakes of the eel; now it appears a potential money maker. Seems to us there should be a moral to this somewhere.

MONDAY MORNING POST MORTEM

It used to be customary for the office force to review the pleasures of the summertime weekend jaunts during the odd moments of a Monday morning. There was talk of miles travelled, fish caught, young men met by the young women, young women met by the young men and all the trivia which makes a weekend jaunt in the summer the pleasant occasion that it used to be.

Nowadays, they recount their narrow escapes from traffic accidents. Instead of the brightness of the August moon from the resort terrace, it is of the fool who passed on a hill and wrecked the oncoming car-full of vacationers, that they talk about. Instead of the "big one" that was caught, it was the drunk who crashed the traffic light and ended in the ditch.

The consensus is that Ontario drivers are becoming worse. And the American visitor is quick to second the motion.

The condition of our highways is not something to boast about but it hardly excuses the recklessness of so many drivers nowadays. On such a simple, but necessary courtesy as blinking bright lights to dim when approaching traffic is observed only by one in three or four drivers. Arm signals have lost their original meanings and what used to mean a left-hand turn may mean anything from catching butterflies to just cooling off.

We don't know the answer unless sheer horror of the weekly traffic toll impels some return to caution. But we would suggest stiffer driver licensing and annual and bi-annual drivers' tests. A driver can renew a license he has held for the last ten years by simply applying for it although he may have since that time grown careless and lax in his driving.

Office Cat Reports Catnips By Ginger

Your favorite correspondent has unleashed the greatest expose of the year. True, it may mean that this writer's political career is finished but the truth is more important than a political career, is it not? Besides, maybe there is more in exposes than in politics.

Anyway it has taken months of diligent research on the part of your columnist and his assistant, Slim Q. Bliggins, to uncover a shameful practice on the part of the government.

What I speak of is the baby bonus scandal. Every month the department of health and welfare is making thousands and thousands of dollars with this little scheme which, until now, has gone undetected. But for your favorite correspondent, the public would never know these facts.

When Sternwell the Stork delivered the little renewal, Mark II, with the blue ticket it was the natural thing to do to get busy and let Paul Martin know so that he could forward the extra five bucks a month to make a total of ten a month for Marks I and II. We discovered, however, that contacting Paul himself was difficult and we had to work through a lot of subordinates who looked after details while he was engrossed in larger problems.

When the first re-issue came along, Mark I that is, an application was made and the cheque came immediately.

But this time, with Mark II, the family allowance supplementary registration put the wrench into the machinery and the result is that the government has done us out of the five bucks for the first month. This is where the expose comes in.

On the supplementary registration form, a blue paper, the following demand is made: "Please give full Family Allowances serial number appearing on cheques presently being received."

After a hasty scramble through files, the light dawned.

Why, last month's cheque had been cashed, naturally. And who would ever remember to note down the serial number? Nobody except maybe a civil servant or an accountant or some other red-tape artist.

We phoned the bank: "Say old boy, would you give us the serial number on our baby bonus cheque, please?" Banks are generally good natured, and this one took the pains to give a long explanation that there were only about five or ten thousand cashed cheques in the files somewhere and that it would be glad to look ours up only there were not enough hours in the day to be looking up old serial numbers for people like that.

Hah, hah! You see? We must wait until Mark I's cheque comes through for the following month to find out. And by then we will have been too late to collect for Mark II's first month. Cunning of the government, isn't it? Multiply this case by all the Mark II's, III's, etc., that are born every month. Not ten percent of the parents would have remembered those multi-numbered serial numbers, would they? In that manner, thousands of parents are being cheated out of the first month bonus cheque. And we all pay good taxes for them too!

"That's the best expose we has exposed yet," said Slim Bliggins who spent many hours of tireless effort in verifying these facts with me. "But maybe we should have told Paul about this first."

"Oh, Paul wouldn't care," I said. "It's just one of those things that goes along with being a minister. He's probably had exposes thrown at him before. Besides maybe he doesn't even know about this situation. Can't blame him too much."

"Well, I'm all in favor of more exposes," Slim mused. "Maybe they's some way that we's could make moneys out'n 'em."

by "Dairy Farmer" The Top Six Inches

The season of big Exhibitions and Fairs is just around the corner and for the next few months anyway, people will be visiting fairs and plowing matches and midways. Some will be large affairs and some just local exhibitions.

We often wonder what makes them such a success. Well, first of all, they provide a relaxation and recreation. It is a day away from home, a break in the routine and it is also a day of visiting with friends and people we associate with in our farming. It gives us a chance to see the new machines we are thinking of trying out and see some breeding stock we have been hearing about. To us the fall fairs, be they small or large, are a very important part of the year's activity.

To support this statement, we cannot think of a better example than the Newmarket Trade Fair. As soon as the suitable building became available, it grew up to be one of the most important events in the Newmarket business area and it is growing in size and scope. Pretty soon it will be something people will look forward to, something one will refer to as "well, there is no hurry about it, we can always go and see what they will have at the trade fair." Or "we should try to get one like the gadget they had at the trade fair."

There is something that a trade fair, like the one last week, has that the bigger ones haven't got and that is something we will call, for want of a better word, approachability, or being handy. Take, for example, the C.N.E. There are more cars there and more washing machines and more of everything. As a matter of fact there are so many dang things

and so much of each one of them, that we cannot look them over in the time allotted to us. These big fairs have a monster look and feeling about them. They overwhelm you and tire you.

After all, when you see 100 washing machines and several hundred cars and even more hundreds other thousand things, to us at least they all look alike and the very size of the exhibition becomes a hindrance. But a small fair, well organized, is approachable. It has just enough variety to be interesting and to give a chance for comparison. What's more, next time in town you can go and see the thing again.

We are wondering if the time has come to organize something similar in agriculture, a fall fair that has all the good points of a small trade fair only in agriculture. We have something like this in the seed fair and bacon show in the spring. What about going a step further and having a more all-around affair. The curse of size and specialization holds true in livestock too.

How about organizing a fair to show the agriculture and its products in the North York county. We could have the best vegetable show in the province. We could have a potatoes section to make people sit up. We could have a dressed poultry show to match the others and we would like to see something that we always felt might be quite a thing, an all-breed dairy cattle show and an all-breed beef show.

We could have a fair that would be truly the show window of the county. The benefits of such a fair are obvious. It would mean recognition of effort and new contact and business to the farmer.

BED TIME STORY

THE OLD HOME TOWN

The state is the servant, not the master, of the people; the state is their guarantee against infringement on their rights, their agent in international and national issues; it is not the function of the state to assume the direction of those activities which rest on individual choice.

Oak Ridges News

MRS. LAURA ROLLING, CORRESPONDENT, PHONE KING 3

New Lions' Secretary

Mr. Douglas Stephenson has been appointed secretary of Oak Ridges Lions Club to fill the vacancy created by the resignation of Gordon Rowe, appointed when the club was organized in the spring of 1950.

On Friday, Sept. 7, the club will sponsor a monster corn roast on the Lake Wilcox school grounds to take in the communities of Oak Ridges and Lake Wilcox. It is open to everyone. An entertainment will be provided.

School Building

Rapid progress in construction of the new Lake school building is being made under contractor D. E. Cook. Every room will have an outside door, and a wide corridor leads into each classroom. A section of the building will be used for flush toilets. Mr. Cook thinks the school will be usable by the middle of September, a record time considering the place has been started from scratch. The trustee board is anxious to accommodate the children of S.S. 13 as soon as possible.

Misses Death by Seconds

Eric Labor, Cooksville, narrowly escaped death when he jumped from his transport which collided with a gravel truck making a left turn off highway No. 11, at Oak Ridges on the south Lake Wilcox road Saturday forenoon. The Cooksville man suffered broken ribs and severe shock. He was removed to York County hospital, Newmarket. Attempting to pass the haulage truck, Labor said he was forced to either hit the vehicle or collide with two women with a baby carriage on the highway. Jumping from his vehicle, it swerved off the highway between a hydro pole and Connor's gas pumps. The driver of the MacIntyre haulage truck, Toronto, was uninjured. The front of the transport was driven back and the top of the cab lifted backward, while the MacIntyre truck was only slightly damaged at the left rear side.

Child Hit by Bread Truck

Jerry Thivierge, 19 months-old child of Mr. and Mrs. Frank Thivierge, Joyce's Point, Lake Wilcox, is in York County hospital, Newmarket, with a broken leg sustained when hit by a bread truck. Driver of the vehicle said he was unaware that the child was near the truck. Apparently the child had crawled beneath the parked truck, the rear wheel passing over the child's leg. "I felt a bump, and heard a child cough," he said. He said he had been warned against children on the roadside, and at 7.30 in the evening would never have expected a little child about at that time of day. No charges were laid. Jerry will be in hospital for a month, his family were informed.

Polio Victim Recovering

George Gourlay, aged 8, son of Mr. and Mrs. George Gourlay, stricken with polio two weeks ago, is convalescing at his home.

He was brought home from Riverdale Isolation hospital last Friday by his father and has been put to bed for some time. The parents were told by hospital authorities the boy would be able to leave hospital at the end of the week but his return came as a surprise to his mother at the time. When Mr. Gourlay appeared with Georgie, "It was a happy moment," she said.

Feted on Wedding Anniversary

Mr. and Mrs. Jack Blyth entertained 15 friends at their home, on Tuesday evening, Aug. 14, in honor of their uncle and aunt, Mr. and Mrs. Frank Wilkins, on their 46th wedding anniversary. The couple had no idea the evening was for them as their daughter, Alice, and her husband, Herbert Rooney, and daughter, Marion, of Atikokan were visitors at the time. They were given two Kenwood blankets, in rose and green, the gift of their family, Mrs. Clarke Archibald, a daughter at King, Mrs. Rooney and son Frank Jr., of Owen Sound. Other gifts were received.

Mr. and Mrs. Wilkins have lived here for 32 years. Both were born in Ottawa and Mrs. Wilkins as Jennie Blyth, daughter of Thomas Blyth, lived next street to Laurier House. Stephen Francis Wilkins who became her husband was named after his grandfather and father. The couple were married in Ottawa's Eastern Methodist church, and their attendants, still living, were Mrs. George Seeley, the bride's sister, and Alfred Wilkins, brother of the groom.

After marriage they settled in Toronto for 14 years. When their son Frank was born he was the fourth generation to bear the name, Stephen Francis Wilkins. Besides their three children, a daughter, Irma, the second child passed away. Mr. and Mrs. Wilkins raised their nephew, Jack Blyth and his sister, Marguerite who is Mrs. Gordon Tapley of Brampton. The couple are grandparents of seven children.

Fifteen Minutes Older

Norman Burns, 31, Oak Ridges resident, has the edge on his twin sister, Mrs. Sy Parker (Norman), of Toronto. He was born "15 minutes ahead of her", on August 18, 1920. So Norman told the teacher of Hope school, Vaughan township, when the seven-year-old youngsters, children of Mr. and Mrs. William Burns, started to school. This fact was brought to light last Saturday night, Aug. 18, when a birthday party given by Mother Burns, at Norman's home on Bond Ave., surprised the twins.

"Neither one knew anything about the party," said Mrs. Burns, mother of nine children, who made the celebration cake decorated with "happy birthday, Norman and Nora". They blew out the 31 candles before a large gathering of guests from Aurora, Toronto, Elgin Mills, Maple, King and Oak Ridges.

Mr. and Mrs. Norman Burns have two children, Sunny, 3 and

SNOWBALL

Mr. and Mrs. Robert Bradley and son, Bobby, Ottawa, are holidaying with Mrs. Bradley's parents, Mr. and Mrs. Norman Teasdale.

Mrs. C. Copson and daughter, Miss Eddythe Turp, spent two days motoring through Muskoka, Parry Sound and Lake Rosseau.

Mrs. Hattie McCartney, Toronto, spent last week with her niece, Mrs. Wm. Blum, and family.

Mrs. Charles Hunt accompanied her daughter and son-in-law, Mr. and Mrs. George Munshaw, June and Roy, to Huntsville, Burks Falls, Gravenhurst, Orillia and other points north.

Recent guests at the home of Mr. and Mrs. Bert Smith were Mr. and Mrs. Jack Cornell, Detroit, Mich., Mr. and Mrs. Norman Stephenson, Richmond Hill, and Mr. and Mrs. Walter Cook, Lansing.

Mr. and Mrs. Aubrey Wood and family spent Sunday with the Misses Hazel and Ruth Webb, Toronto.

Miss Lois Farren and brother, Dale, spent last week with their cousins, Mr. and Mrs. Bruce Judges, Kettleby.

Mrs. Wm. Gould, her mother, Mrs. McEwen, and sisters, Mrs. McLachan, Lloydtown, Mrs. Miller and daughter, Ruth, Galt, spent last week at Point au Baril.

Bobby aged 2. The Parkers have Billie and three-year-old Dennis.

Some folks get all the parties and Mrs. William Burns never tires "doing for her family". She took a surprise party to Malton for her granddaughter, Helen Glass, eight years old on Aug. 13, daughter of Mr. and Mrs. Wm. Glass. Helen received many gifts, including a gold locket sent by her aunt. Besides her grandparents present for a buffet luncheon and a candle birthday cake, were the Garfield Burns family, Norman Burns family, Reg Burns of Elgin Mills, Mr. and Mrs. Sy Parker, Miss Ruth Scott of Aurora, Mr. and Mrs. Wm. Esprey, Elgin Mills.

Recently Mrs. Burns Sr., received gifts brought from New York by her daughter, Mrs. Jack Wilder. They were costume necklace and earrings and a spun glass ornamental stork, so delicately constructed that customs' officers at the border were persuaded not to undo the parcel for inspection for fear of breakage. Mr. and Mrs. Carl Burns and four children were dinner guests of their parents on Bond Ave., on Monday.

Mr. and Mrs. Adam White, Kitchener, are guests of Mrs. F. A. Craggs, Rosemary Ave., Lake Wilcox, for a couple of weeks.

Field Day August 25

The annual field day at Lake Wilcox will be held on Saturday, Aug. 25, sponsored by Oak Ridges and Lake Wilcox Ratepayers' Association. A program of sports and prizes is arranged.

Wheel House Changes Hands

Capt. E. C. Hawman has sold his restaurant business on Yonge St. known as the Wheel House to Mr. William White, Richvale, who with his wife has taken possession. They are also employing a mechanic for garage repair work and will later have saddle horses for hire in the stables to the rear of the property which were used by Miss Marilyn Hawman, riding school instructor. Capt. and Mrs. Hawman occupied the restaurant for the past four years, which he named in honor of the profession he had followed as a successful Great Lakes captain. They are taking an extended vacation and are now with Mrs. W. H. Plowman, a sister of Mrs. Hawman, living at Parry Sound. They attended the funeral of an aunt at Collingwood on Tuesday. Mr. and Mrs. White have two children, Harvey, 16, employed at the Geo. P. Dows machine plant at Richvale, and Roger, aged four.

Association Children Partied

About 15 youngsters, children of members of the Elmwood Park Association, were entertained last week at a beach party arranged by Mrs. David Clark, Willowbank Ave., secretary-treasurer of this Lake Wilcox association which includes the three lakeshore streets. Small babies were given gifts. Milk, ice cream, sandwiches and cookies were served. Other guests, Mrs. Clark has held the party at her Willowbank home.

Miss Joan Hare, Temperanceville, spent last week with her cousin, Donnie Ash. Joan attends Temperanceville school and Donnie goes to Oak Ridges. They are both fond of their studies and are piano pupils of Miss Dorothy Armstrong, King.

Before her marriage, Mrs. B. Cullingham (Nora Allen), received three showers, one at the home of her parents, arranged by her friend, Miss Kay Payne, Lake Wilcox, attended by 60 guests; a miscellaneous shower given by Mrs. Chas. Williamson, Aurora, at the home of the groom, Bruce Cullingham, 80 friends present. A cup and saucer and linen shower at the home of Mrs. Chas. Penfold, Aurora, arranged by her mother, Mrs. Alma Cameron, when employees of Aurora Textiles were guests.

KESWICK

Miss Irene Cowleson, daughter of Mr. and Mrs. Lorne Cowleson, Toronto and Keswick Beach, whose marriage takes place in Toronto in September, was given a shower on Saturday by many friends at Keswick Beach.

Miss Myrtle Lloyd of Toronto is visiting her aunt, Miss Lynn Marritt, at the lake.

News Of NEWMARKET LEGION

Being a Legionaire, it is with pride that we pass on to you this excerpt from a recent editorial in the Winnipeg Tribune. "This country has been fortunate in the type of citizens who have given leadership to the Canadian Legion since its inception. Requests made of the government by the organization on behalf of disability pensioners, widows and dependants, have always been moderate. There have been none of the extravagant claims that featured demands of similar organizations in some countries. For this reason, serious and sympathetic consideration should be given to any recommendations made by the Legion".

Of great interest to all Legion members is the coming of the Royal couple to Canada this October.

Princess Elizabeth served for some time in the A.T.S., the equivalent of our C.W.A.C., and Prince Philip has a very enviable war record in the British Navy. He served on a destroyer in 1943 that helped cover the landing of the 1st Canadian Division in Sicily. He was mentioned in dispatches as far back as 1941, and saw service in Japanese waters during the last months of the war.

Prince Philip is a nephew of Admiral, The Earl of Mountbatten, grand president of the British Empire Service League.

The Newmarket Optimists Club has challenged the Newmarket Legion to a game of Donkey Baseball on Friday, August 31. Our president, Comrade Gardiner, informs us that we have accepted this challenge. This should be a game well worth attending, and we are looking forward to that day with great delight.

We have wondered for some time, just what the outcome would be if we brought along our recording of "Mule Train". However, that may not be within the rules, but we are pretty sure that the secret of a successful career in Donkey Baseball depends entirely on the magic words whispered in the donkey's ear, and we shall spend our time from now until the big game, increasing our vocabulary.

Comrade "Chic" Roney of Gorham St., is gathering names of members who wish to form a Legion Tug-of-War team, the competition to take place at Keswick. Cups and plaques to the winners. Contact Comrade Roney for particulars.

Still got Wednesday, Aug. 29, in mind? Still don't know what's brewing, but no doubt about it - it's a good date to remember.

See you at the big meeting Monday night.

OBITUARY William Keeley

Interment was made in Newmarket cemetery on August 10 for William Keeley who died at his home, 45 Hiltz Ave., Toronto, on August 7 following a nine months' illness. He was born at Sunnidale December 15, 1855, the son of the late Mary Ann and James Keeley. In 1876 he married Margaret Moore who predeceased him. In 1877 he married Ellen Knights who predeceased him in 1931. Mr. Keeley was a member of the Canadian Order of Foresters.

He is survived by a daughter, Mrs. Chas. E. Johnston (Celia). The funeral service was held from the Ingram funeral home with John B. Clarke in charge. Pallbearers were five nephews and a great nephew, William, John, Seymour, Wesley, Tommie and Ernie Andrews.

OBITUARY Mrs. H. E. Doan

Mrs. Hanora Elizabeth Doan, 2158 McTavish St., Stony Beach, died at her home recently. She was born in Sharon and came to Stony Beach in 1890 and moved to Regina in 1933. Her husband, George Roland Doan, predeceased her in 1938.

Surviving are three daughters, Mrs. Stewart Squarebriggs (Laura), Saskatoon; Mrs. John Wilson (Marie), Indian Head; and Mrs. Robert Short (Bernice), Pasqua; four sons, George, Moose Jaw; Lyall, Regina; Fred and James, Stony Beach; a brother, James Kavanagh, New York city; a sister, Lena Kavanagh, Toronto; nine grandchildren and five great-grandchildren.

The funeral service was held at Speers funeral home, Stony Beach with Rev. J. Scott Leith officiating. Interment was in Stony Beach cemetery.

NOTICE

**Effective as of Saturday,
September 1, 1951**

the sale of all dairy products will be on strictly cash or ticket basis. This step is being made in an effort to cut down on the cost of delivery. Your driver will be required to pay for his entire load each day. He will also have to pay for any bottles that he is short. In the future the deposit on all bottles will be 10 cents.

We trust that this action will not prove a hardship to you, our customers.

Your driver will appreciate your co-operation in this matter.

Please remember that we are doing this in a sincere effort to keep down the delivery cost of milk.

Signed,

DEATHS

Fenn—At his home, 203 Perth Ave., Toronto, on Sunday, Aug. 19, 1951, William Albert Fenn, husband of Annie Fenn, father of Mrs. Frank Hunter (Ada), Toronto, and Annie Fenn, Newmarket. Interment Park Lawn cemetery on Wednesday.

Fernley—On Monday, Aug. 20, 1951, Stewart Fernley, R. R. 2, King, husband of May Burkill, and father of Brian (formerly of Galtley, Manchester, England). Cremation at Toronto Necropolis.

Gooding—After a brief illness at her home in Gormley, on Wednesday, Aug. 22, 1951, Mrs. Flossie Gooding, in her 61st year, widow of the late Rev. A. T. Gooding, mother of Eldon, Evelyn (Mrs. Charles Milsted), Dorothy (Mrs. Floyd Winger), Dorine (Mrs. Allan Doner), Vernon, Ruth (Mrs. Chris Ushaw), Gordon (deceased), and Elieen (Mrs. Ken Jones).

Funeral service Friday at 2:30 p.m. at Gormley United Missionary church. Interment in Hulse Hill cemetery.

Reynolds—At her home, 31 Catherine Ave., Aurora, on Saturday, Aug. 18, 1951, Mary White, wife of the late James Reynolds and sister of Mrs. Jennie Langford. Interment Aurora cemetery on Monday.

Watts—At her home, Wellington St. E., Aurora, Monday, Aug. 20, 1951, Hannah C. (Kate) Stiver, wife of the late Joseph Watts, mother of Mervin, Stouffville, and Irwin, Aurora, in her 85th year. Interment Bethesda Lutheran cemetery, Unionville on Monday.

ENGAGEMENTS

Mr. and Mrs. Leslie Ogden, R. R. 3, Stouffville, wish to announce the engagement of their only daughter, Shirley Margaret, to Mr. Donald F. Rose, eldest son of Mr. and Mrs. Kenneth Rose, R. R. 3, Mount Albert, the wedding to take

place in the Aurora Gospel Tabernacle, on Saturday, September 22.

Mr. and Mrs. Lindsay Farr, Sharon, announce the engagement of their daughter, Betty Helene, to Mr. Irvin Ross Proctor, son of Mr. and Mrs. Fred Proctor, Newmarket, the wedding to take place in St. James Anglican Church, Sharon, on Saturday, September 15, at 3 o'clock.

Mr. and Mrs. Archie Sedore, Queensville, announce the engagement of their daughter, Cairne Jeanette, to Mr. Victor Edwin Johnson, son of Mr. and Mrs. Edwin Johnson, Newmarket, the marriage to take place on Saturday, September 15, 1951, at 3 o'clock in Ravenshoe United church.

Mr. and Mrs. Cyril Blight, Newmarket, wish to announce the engagement of their daughter, Lois Muriel, to Mr. Donald H. Cockburn, son of Mr. and Mrs. W. M. Cockburn, Newmarket. The marriage will take place on Saturday, September 15, in Trinity United church, at 4 o'clock.

OBITUARY

Mrs. Roy Follitt

The funeral service for Mrs. Roy Follitt, Temperanceville, was held at her late residence, Sprucedale Farm, on Sunday afternoon, Aug. 12, conducted by Rev. Garnet Lynd, Port Credit, a former pastor of the Temperanceville charge, officiating in the absence of the minister, Rev. E. C. Mould.

Mrs. Follitt entered rest peacefully at her home on Thursday, Aug. 9, following a prolonged illness of several months, during which her patience and cheerfulness surmounted her constant suffering. On her birthday, she was laid to rest in King cemetery, amidst a profusion of floral tributes, the testimony of affection and sympathy of a wide circle of friends.

The pallbearers were nephews, Eldon Follitt, Temperanceville, Ross Follitt, King, Harold Follitt, Weston, William G. Mitchell, Oak Ridges, James Stewart, Bradford, and C. Bruce Cane, Hamilton.

Besides her husband, Roy Follitt, survivors are a daughter, Edna, who is Mrs. Emerson Jennings, on the staff of Uxbridge high school; a son, Ruston, at home; a brother, Melville Stewart, Bradford, and sisters, Mrs. C. J. Dunham, Oak Ridges, and Mrs. Chas. E. Cane, Hamilton.

Born on Yonge St. near Oak Ridges as Anne Stewart, Mrs. Follitt was the daughter of the late Mr. and Mrs. James Stewart. When a young girl she moved with her family to the third concession of King, marrying there about 28 years ago and settling on the Sprucedale Farm. She was active in the work of the United church, first at King City and later at Temperanceville church of which she was a member. Mrs. Follitt belonged to the Woman's Auxiliary and the Women's Missionary Society and was associated with the local Women's Institute. She was a good neighbor and an endeared member of her family connections. Her mother and her sister, Velma, who was the first Mrs. Garfield Case, passed away in the same week in the winter of 1937.

OBITUARY

David E. Stiles

David Ernest Stiles died at his home, Bayview Ave., Richmond Hill, R. R. 1, on August 5 after several months' illness at home and in hospital. He was born in Queensville on February 25, 1887, the son of the late Sarah Ann Hainstock and William Stiles. On October 31, 1921, he married M. E. Winifred Hume, Richmond Hill.

Mr. Stiles previously had positions with the Metropolitan Carline and the Wire and Cable, Leaside, and lately was a nursery operator. He attended the United church and his chief interest was in music. He and his father, brothers and sister played at square dances and other social events for years.

Besides his wife he is survived by a sister, Mrs. John Ash, Gormley, two brothers, George, Gormley, and Emerson, Toronto; and several relatives in Sutton and Queensville.

Funeral service was held from the Wright and Taylor funeral home, Richmond Hill, on August 8 with Rev. Herbert Warren, Aurora, in charge. Interment was in Queensville cemetery. Pallbearers were four nephews, Meredith and William Ash, Gormley, James Ash, Holt, and Clarence Stiles, Toronto, and two friends, George Baker, Holt, and Kenneth Forsyth, Aurora.

FOUR MONTHS HERE R.A.F. VETERAN KILLED IN TRUCK, CAR CRASH

Only four months out of England, Alfred Stewart Fernley, King, R. R. 2, was killed in Toronto when his truck collided with a car in front of Toronto East General hospital on Monday. Mr. Fernley was thrown through the windshield and struck his head on the concrete park bench.

The funeral service was held Wednesday in Toronto. He is survived by his widow and a son, Brian, 2.

The couple came from Manchester, Eng., and had settled on the Norman MacMurchy farm. Mr. Fernley, a veteran of the R. A. F., was sales manager for Topplings Co.

Warn Of Wheat Smut

Several farmers in the district have experienced dirty wheat threshing this year and in some cases, buyers have refused to take their wheat at all because of stinking smut or bunt. One shipper had his wheat discounted ten cents per bushel which amounted to \$150 on the car of 1,500 bushels. All this loss in the field and in the reduced price could have been saved by proper seed treatment with a mercury compound, such as ceresin or panogen.

Reasons for the outbreak of bunt are that weather conditions have been favorable for its formation and also that there is a mistaken idea abroad that the variety of winter wheat known as Cornell 595 is resistant to bunt. W. H. Waddell, chief in research in winter wheat at the O.A.C., points out that Cornell 595 is resistant to loose smut, but not to bunt, or stinking smut. In fact, none of the common varieties of winter wheat grown in Ontario are resistant to bunt, which thrives best when wheat is sown under unfavorable conditions late in the fall. Delayed planting favors infestation.

PULLS TWO WARDS FROM FIRE AS HOME DESTROYED

Two young boys were dragged to safety by Mrs. Jas. Hayden, 72, when fire destroyed their home near Pine Orchard early yesterday morning. The boys, Billy Delle, 14, and Donald McNab, 15, wards of the Children's Aid, wanted to return to their room to collect some of their belongings.

"I had to forcibly pull them out," said Mrs. Hayden.

She had been awakened by the sound of the fire. The kitchen was in flames. She called to the boys to wake up and then went to the grandfather clock for her purse and rings.

The boys had not responded so she went to their bedroom where she had to pull them out of bed to awaken them.

Mr. Hayden, who works for a chemical company in Toronto, was away at the time of the fire. They had only about \$700 to pay on their mortgage when the fire occurred. The flames were so fierce that they threatened the nearby home of Mr. and Mrs. Harry Rawluk. Ollie Rawluk, a daughter, turned in the alarm but the fire had too great a start and the home was lost by the time the Aurora fire brigade arrived.

Treatment for smut or bunt must be done thoroughly or results might be disappointing. Mixing a handful of dust with the seed in the seed box is not adequate. The manufacturer's directions should be followed closely. The home-made seed treaters distributed by the York County Crop Improvement Association last spring are reported to have given excellent results.

Further information on winter wheat may be obtained from W. M. Cockburn, York agricultural representative, or by writing to the field husbandry department, O.A.C., Guelph, and requesting a copy of the bulletin, "Growing Winter Wheat in Ontario". In any case where the ball smut or bunt was bad, Mr. Cockburn recommends securing registered or certified seed to get a fresh start. It would be expecting a great deal of any seed treatment to clean up all the smut in some samples seen recently.

AMMONIA FUMES

A gauge glass was broken at the Newmarket Ice Company yesterday morning releasing ammonia fumes. Necessary repairs were made quickly by the owner, D. Rupke, with no damage resulting.

The fumes were most troublesome in the vicinity of the Davis Dr. and Main St. intersection. For over a half-hour, residents in this area worked with tear-filled eyes before the wind blew the ammonia gases away. The pungent smell and taste of the fumes irritated peoples' throats as well as their eyes.

R.C.M.P. CORPORAL FAMILY FROM SASK. VISIT MORTON KIN

Constable George V. Morton, Royal Canadian Mounted Police, accompanied by his wife and two sons, is now returning from a vacation with his father, W. E. Morton, brothers, sisters, relatives and friends of this district. Travelling by motor car from Langenberg, Sask., he arrived in Newmarket and continued his travelling to Carleton Place and Montreal accompanied by his father and youngest brother, Wallace Morton, Toronto.

While in Carleton Place a family reunion of the W. E. Morton family was held at the home of the youngest daughter, Mrs. L. W. Pike. Mr. and Mrs. R. N. Smith, Montreal, and Mr. and Mrs. Milton Morton, Newmarket, and the nine grandchildren of W. E. Morton participated in this gathering.

Returning at a later date from visiting his sister in Montreal, Con. Morton spent the balance of his vacation at the home of his brother, Milton Morton, Newmarket. On his homeward trip he is visiting his other sister, Mrs. G. S. McKee, Waterdown.

Constable Morton has been with The Royal Canadian Mounted Police for 17 years. He has recently attained the rank of corporal of his detachment and is, with the help of another member of the force, in charge of the large area of Saskatchewan surrounding Langenberg.

BUYS CORNER CUPBOARD

Herb Lawrence, who has come here from Sutton, has purchased the Corner Cupboard at the corner of Davis Dr. and Main St. Mr. Lawrence was formerly operator of Davies Lunch at Jackson's Point. He is married and has three children.

News Of The W.I.

News for this column must be in the office Monday night. Copy must be written as briefly as possible and confined to news and reports. Other than routine reports and announcements will be printed separately.

At the picnic meeting of King branch at the home of the president, Mrs. A. E. Jarvis, on August 15, it was decided to purchase a going-away gift for Mrs. Emmeline Pearce of Cleve St. Margaret, Shropshire County, England, who will leave Canada in October for her home following a six months' visit. Mrs. Pearce, a past president of Cleve St. Margaret W.I., addressed King W.I. in June, bringing with her a beautiful linen hand embroidered table cloth, the gift of her branch to the King organization. Mrs. Pearce spoke of the activities of her branch and the warm regard English women have for Canada.

In appreciation of the bond of friendship established between the local W.I. and the English Institute, it was considered a privilege to bestow on Mrs. Pearce a tangible expression of esteem and affection.

Mrs. Harold Dean, lecturer on designs in craft work at the Royal Museum, spoke on designing to members of Laskay branch at a meeting held in W.I. hall, August 14. Using dots,

lines, half circles, pyramids, etc., Mrs. Dean showed how simplified drawings could constitute conventional designs, to be used in weaving, leather, wood, rugs. She emphasized personal designing.

The branch advanced plans for the annual W.I. bazaar to be held Saturday, Nov. 10, in Laskay W.I. hall in the afternoon. The event will have the popular parcel post table, sale of aprons, home baking, candy, toys, miscellaneous, possibly a quilt, fish pond for kiddies, and luncheon. October was set as the tentative date for a dance given by the organization, Mrs. Lawrie Boys, Mrs. Percy Leatherdale and Mrs. C. A. Black, were named a committee to arrange the social function.

In response to the roll call, "what our community needs most", very practical hints were promoted - activities for young people, fixing up the hall and others. Mrs. F. Buddin, a newcomer, became a member of the branch. Mrs. Effie Bath was hostess and Mrs. Norman Egan, the president conducted the meeting.

The Windsor branch meeting was held at the home of Mrs. Stephen Eade on Wednesday afternoon, Aug. 15; after the business period the program was in the charge of Mrs. Kays, the president of the Gormley branch. Those taking part were Mrs. R. Baycroft, District President, who gave a very interesting paper on "Friendship". A poem was read by Mrs. Russell Elias. Music was by Mrs. Roy Howlett and Mrs. Roy Smith, and a piano solo by Mrs. Howard Baker; a contest was conducted by Mrs. N. Brown.

The roll call was answered by both branches with very fine creations of the kitchen utensil hat. Prize winners were Mrs. R. Baycroft and Mrs. Harold Sleeth. A very enjoyable afternoon closed with a social time and delicious lunch served by Mrs. Grant Morley, Mrs. Rollie Scott, Mrs. Harold Dewsbury, Mrs. H. C. Powell and Mrs. Austin Richardson.

CELEBRATES BIRTHDAY

Mr. A. Gibson celebrated his 85th birthday on Wednesday, Aug. 22. He is residing with his sister, Mrs. T. Woodruff, Prospect St.

ACCEPTS POSITION

Mr. and Mrs. Bob McCarnan formerly of Atikokan, have moved to Niagara Falls, Ont., where Mr. McCarnan has accepted a position as Diesel mechanic for the hydro.

IT'S A Woman's World

By CAROLINE ION

Having missed last year's Trade Fair we were totally unprepared for the magnificent display at the Memorial Arena on Saturday night. It was excellent!

A previously arranged engagement with Mr. Stork had prevented us from attending the fair in 1950. This year, a session of convalescence following an operation was lengthened by a septic sore throat. As the days passed we feared that for a second year we would have to depend on others for reports on this project.

However, we made it on the last evening of the fair. It was certainly worthwhile even if our voice sounded like gravel. Gertrude's and our throat felt as if it was lined with sandpaper by the end of the evening.

One of the nicest features about such a town undertaking is the opportunity it affords for renewing acquaintances. Why, we talked with folks we haven't seen for months. (One reason, no doubt, for the throat causing further troubles.) Notes were compared on the children's progress; brief accounts of each family's summer activities were told and of course, through the fabric of all conversations, ran the thread of praise for the Trade Fair.

Individual exhibits were praised as they appealed to the visitors. Eugene McCaffrey and his committee had some reward for all their work in the congratulatory remarks made about them. Yes, Newmarket has a right to be proud of itself when it can produce such a first class show entirely by local effort.

The Newmarket Annual Trade Fair has come a long way from its modest beginning in 1949. That year, the Newmarket Horticultural Society invited a few to exhibit arts, crafts and local merchandise when the Society held its regular summer glad show. The show was held in the market square and the town hall.

Those behind the idea saw the possibility of reviving a fall fair in Newmarket. They were pleased with the general response that first year, but even the most optimistic could not have foreseen such an expansion within three years.

There seems little need to describe the Trade Fair in detail.

Judging from the attendance records, everyone in the district must have visited the fair at sometime during its successful four-day run. We were amazed at the variety of articles exhibited. We were impressed at the remarkably fine shopping facilities Newmarket has to offer the public.

When we first stepped onto the floor of the arena we wondered if we hadn't gone by mistake to one of the C.N.E. buildings. The local displays were equally as well arranged. Attractively decorated booths exhibited a variety of articles which are all available from Newmarket merchants and businesses.

The beautiful glads and other flowers entered in the local Horticultural Society's show added greatly to our enjoyment of the affair. Glads make an impressive showing with their wide range of color and when there are many hundreds of prize spikes on exhibit, it is a sight which no flower-lover can forget.

For the members of the Horticultural Society, the sponsoring organization, it has meant a great deal of work to prepare and present such a show. It was after 2 a.m. on Saturday when the last of the exhibits of vegetables and flowers were placed. None of that work could be started until the fair closed on Friday evening. Then in the morning there was the judging of the exhibits with the show committee on duty during the remainder of the afternoon and evening.

Speaking to many of the merchants and other exhibitors we were pleased to hear how enthusiastically their exhibits had been received. Even on Saturday night, after four days of fair besides all the hours of planning and preparation which must have preceded them, they were delighted with the response. Later, as they went about the weary task of dismantling their displays, it must have been with a great deal of personal and community satisfaction for the completion of a very well-done job.

Newmarket Social News

—Mr. and Mrs. F. Traviss were at home with their daughter and son and families at Lake Wilcox on Thursday, Aug. 16, being the occasion of their 52nd wedding anniversary.

—Supper-dancing at the Royal York hotel, Toronto, on Saturday night, August 11, were Kay Ewing, Tom Berthelotte, Eleanor Sharter, Bill Shumacher, Chris Heenan and Earl Duffy on the occasion of the latter's birthday.

—Miss Verna Shier, nurse-in-training, Grace hospital, Toronto, spent Saturday at home with her parents, Mr. and Mrs. John Shier.

—Mr. and Mrs. Clarence Winger, Ridgeway, spent a few days this week with Mr. and Mrs. William Koshel.

—Mrs. Howard Perrin, accompanied by her two children, is spending two weeks at her summer cottage at Lake Koshog.

—Bruce Campbell, Willowdale, spent the weekend with his uncle and aunt, Mr. and Mrs. Gordon Shropshire.

—Mr. and Mrs. Kenneth Johns and son, Douglas, returned to Weston on Monday after spending the past week with Mr. and Mrs. A. F. Johns.

—Mrs. Lolia Rolph and Miss Edith Morton spent last week at Lake St. Peter, visiting Ottawa on their return trip.

—Miss Vonda Martin spent two weeks at London, the guest of Mr. and Mrs. Albert Bates and family.

—Mr. and Mrs. Donald Deyo, Harrow, were weekend guests of Mr. and Mrs. Norman Sedore.

—Kay Ewing and Tom Berthelotte were weekend guests at the home of the former's parents, Mr. and Mrs. T. M. Ewing.

—Recent guests of Mr. and Mrs. Thomas Simpson included Mr. and Mrs. Herbert Foote and family, Moose Jaw, Mr. and Mrs. Alfred Pither, Milwaukee, Wis., Mr. Ira Prynes and family, Lake Orion, Mich., and Mr. and Mrs. John Bruce and family, Darien, Conn.

—Mr. and Mrs. Robert Rose, Jr. have returned to Peterboro after spending two weeks with their parents, Mr. and Mrs. Robert Rose.

—Mrs. John Brodie, accompanied by her two children, returned on Sunday from England where she had spent the past five months visiting relatives.

—Mr. and Mrs. J. W. Findlay, Robert and Richard, Port Credit, spent Sunday with Mr. and Mrs. James Rogers.

—Master Michael Tomas, Toronto, is spending a week with Mr. and Mrs. William Koshel and family.

—Mrs. Una Hill, Main St., returned on Monday from a delightful motor trip to the East Coast, returning through the Berkshires and Catskill mountains.

—Miss Patricia Duncan, who spent the summer in Muskoka, is visiting her sister, Mrs. Andrew Gatti.

—Mr. and Mrs. Jack Holliday and family, Toronto, were Sunday guests of Miss Francis Brown.

—Mr. and Mrs. Bob McCarnan spent the weekend at the home of Mr. McCarnan's parents, Mr. and Mrs. Bert McCarnan.

—Mr. and Mrs. Bert Gilkes and Mr. and Mrs. Harold Gordon spent Sunday in Hamilton visiting Mr. and Mrs. Johnnie Campbell.

—Mr. and Mrs. Ted Manning and family of London spent Saturday with their uncle and aunt, Mr. and Mrs. Anson Comer.

—Mr. and Mrs. L. E. Arnold, Pefferlaw, spent the weekend as guests of Mr. and Mrs. Geo. Rudlock.

—Mr. and Mrs. R. Huntley, Simcoe St., spent the weekend in Stamford and Buffalo where they visited their son and daughter-in-law, Mr. and Mrs. Gordon Huntley.

Miss Judith Traviss spent a week's holiday with her grandparents and returned on August 12 to Toronto.

Rev. A. E. Bailey and Mrs. Bailey, Mary Lyn and David and Mr. and Mrs. Harold Hilton, Paul and Joy are spending this week at their uncle's cottage at Alcona Beach.

TWIN SONS HONORED AT GRANDMA'S HOME

A shower was held in honor of Donald and Ronald, twin sons of Mr. and Mrs. Donald Stephens, Newmarket, who were born on July 31. The party was held at the home of their grandmother, Mrs. Norman Sedore, on Wednesday, Aug. 15. Their mother received the many lovely gifts on their behalf. Joan and Joyce Elford, twin daughters of Mr. and Mrs. Orley Elford, were co-turms as storks and presented the gifts to Mrs. Stephens. Also there was a blue cake topped with twin figurines.

About 40 were present for the shower and following the opening of the gifts a social evening was enjoyed.

CELEBRATE BIRTHDAY

Rev. A. E. and Mrs. Bailey, Mary Lyn and David, Dundalk, spent last week with Mr. and Mrs. Wilfred Traviss. On Monday they motored to Toronto to spend the evening with their son, Gordon, and family. Mrs. Traviss was taken completely by surprise to find her family there to celebrate her birthday. A lovely supper was served on the lawn. Those present were Mr. and Mrs. Chas. Cumber, Mr. and Mrs. Harold Hilton, Paul and Joy, Newmarket, Mr. and Mrs. Wilbur Traviss and his uncle, Mr. H. J. Gimblett, Toronto.

Ontario Test Entries From N. York Bow Early

At the recent North York Tennis League junior tournament held in Aurora, designed to declare a junior men's, a boy's, a junior ladies' and a girl representative to take part in the Ontario Lawn Tennis Association championships in Toronto, Terry McCauley of Richmond Hill defeated Ron Geddes of Aurora, 6-3, 6-4 to become junior men's representative.

In the boys' division Forbes Graham of Mount Albert defeated Charles McGuire of Newmarket 6-4, 6-3. In the junior ladies', Eleanor Smith of Richmond Hill defeated Marguerite Green of Mount Albert, 5-2, 6-3.

Mary Adams won the girls' division by default. In the O.L.T.A. tournament, now in progress in Toronto, Forbes Graham was eliminated by a Trinidad play, T. Penner 6-6, 1-6. Eleanor Smith reached the third round before being knocked out. Terry McCauley moved to the second round, losing to J. Tattle, Toronto, 2-6, 3-6. The McGuire brothers, John and Charles, were added starters in the Toronto tournament but lost out in the first round.

In the other tennis activity, Newmarket increased their front running lead in the North York Tennis League by winning six of the eight matches played at the Aurora Tennis Club last week. League finals are expected to be played the first week in September.

HASHMAN AWARD

For A Plucky Effort

This week we're going to nominate a pitcher who lost a game—for the Hashman and Roxy theatre pass award. It's a lady again and the gal in question is Jacqueline "Jackie" Moore.

Despite a well pitched game, Jackie was the loser to Bowmanville in P.W.S.U. mainly because her buddies misplaced their books on fielding. Saturday, in the same series, Jackie came up with two plucky well pitched efforts. The first she wins hands down and is on the way to win two—and 18 innings of pitching in one day is no mean feat—when a pair of errors and the game goes down the drain.

So we'll say what her mates are thinking: "Well done, Jackie."

Specialty Wins Opener Of Semis 'Gainst Bell

The Bell are a game down or the Specialty are one up, depending on which side of the fence you're roosting, in the Town League semis. The vital two out of three series started at the Fair Grounds Monday.

Five-hit, nine-strike-out pitching by John Sheddlock plus near perfect fielding effort enabled the Specialty to cuff the Bell 8-3. The Specialty nabbed a 2-0 first innings edge without the benefit of a hit and never looked around.

An error started the Specialty away to a third run in the second as Dint Barber singled home Don Burch. Bell grabbed a run

in the third to make it 3-1 as Don Smith lashed out a triple and scored standing up as Stan Evans' infield scooter popped away from second-sacker Bruce Andrews.

Specialty put the final damper on Bell hopes with a three-run fling in the fourth. John Sheddlock and John Hisey tied side by side singles together and both tripped home on a Bell outfield fumble of Tod Mosier's hoist. Tod in turn crossed on Bruce Andrews' hit through the middle.

The Specialty gave the scoring wheel a two-run flip in the fifth as Charlie VanZant and John Sheddlock solved Morley "Armitage" Cook's fast ball for their second hits. That made it 8-1. Bell kicked up a two-run rumble in the sixth as Morley Cook drove hard at second sacker Bruce Andrews for his third hit and John McTavish rifled a wrong field liner into right that gave him round trip transportation.

Specialty were up in the hit parade 7-5 and were guilty of only two errors against Bell's four.

SPORTS CALENDAR

(Aug. 23 - Aug. 29)

Aug. 23, 7 p.m., Senior Ladies, semis, Midland at Newmarket; 9 p.m., Newmarket arena, wrestling card, three bouts; 7 p.m., Lake Simcoe League, semis, Hope at Queensville; 7 p.m., Aurora Park, Town League semis, Merchants vs Harts;

Aug. 24, 7 p.m., Fair Grounds, Town League semis, Specialty vs Bell; 7 p.m., Lake Simcoe, semis, Pine Orchard at Keswick; Aug. 25, 9 p.m., Bradford arena, lacrosse play-offs, Alliston vs Bradford;

Aug. 27, 7 p.m., Fair Grounds, Town League semis, Triple Sevens vs Hoffman; 7 p.m., Barrie and District, Newmarket at Midland, 2nd game semis; 7 p.m., Lake Simcoe semis, Queensville at Hope (third game if necessary);

Aug. 28, 7 p.m., S.S., Junior Ladies Lake Simcoe semis (third game) Sutton at Newmarket; 7 p.m., Lake Simcoe, semis, Keswick at Pine Orchard; 7 p.m., Aurora Park, Town League semis, Merchants vs Harts;

Aug. 29, 7 p.m., Fair Grounds, semis (third game if necessary) Bell vs Office Specialty; 7 p.m., Lake Simcoe semis, Queensville years, and will be the hosts for or Hope at Zephyr.

PUT SAFETY TAPE ON BIKES SEPT. 7

The red Scotchlite safety tape will be applied to the bikes of all youngsters attending elementary school on Friday, Sept. 7. When the silver tape was applied in June the red had not arrived.

Boys and girls who were in grade 8 last year and will be attending high school in the fall are requested to have someone bring their bikes to the school which they attended last year. If this is impossible they may bring their bikes to the home of Mrs. Howard Morton, Lorne Ave., and have the tape applied there.

Any child who did not receive either tape for his bike should have it at school on the morning of September 7 when executive members of the Newmarket Home and School Association will apply the safety tape during school hours.

Play Semis For Town At East Side

The Newmarket Town League executive met Friday to clear the decks for semi-final action. Hoffman, which had a choice after defeating the Bell Telephone in a third place play-off, elected to take on the Triple Seven Taxmen in one semi-final bracket. Bell Telephone and Office Specialty lock horns in the other set.

Both semi-final series are booked as a best two of three. If a third game is required in either bracket, a toss for home game will be made before the game. The teams voted unanimously to take all games in the semis and finals to the fair grounds diamond. If rain should wash out a playing night, the delegates decided to move the series ahead a night but continue in the same rotation. Semi-final draw was: Aug. 24, Office Specialty vs. Bell Telephone; Aug. 27, Newmarket Taxi vs. Hoffman; Aug. 29, Bell Telephone vs. Office Specialty (if necessary); Aug. 31, Hoffman vs. Newmarket Taxi (if necessary).

HOFFMAN NABS THIRD Hoffman proved at the fair grounds Wednesday its right to third place in the town league by tripping Bell Telephone 9-2. The game was a sudden-death tilt to decide third place in the league standing.

A searing five-run first innings set Hoffman on its way and Bill VanZant took care of the situation from there on, halting the Bell hit at six and turning back 13 clouters via the whiffing route. Bill lost his shut-out, which he richly deserved, in the fifth as Bell hits at six and turning back Teasdale's single and two outfield drops. Morley Cook, who relieved Stan Evans after Hoffman had played four runs in the first, got the fire out and kept it out until his control slipped in the fifth and sixth.

Fred Dillman and Murray MacDonald provided Hoffman with two each. Mick Smith caught up with a VanZant pitch for a triple in the fourth for the only extra base smash of the game.

Newmarket, Sutton Tied In Jr. Girls' Semi-Final

In softball, there's no substitute for good pitching and that's just what Newmarket Pin Ups got Tuesday from the strong right arm of Jeanne MacDonald. Jeanne spun a three-hit effort to spur the Pin-Ups to a 7-2 win over Sutton Greensox at the S.S. pastures. The win evened the best of three Lake Simcoe Junior Ladies League semi-final at a game each and set the stage for a show-down tilt here next Tuesday.

Jeanne got inspiring hit support from Joan Quinn who boomed a one-on homer in the fourth that was the main blow in a three-run innings that built the locals a comfortable 6-1 margin. Barbara Watt hit a round-tripper that started away a second round three-run uprising. The run erased Sutton's first inning run plated by Doran Martin and Joan Robinson also cashed in two hits, driving home a pair of runs in the second and third innings. Marlene Martin and Barbara Ann Watt stroked out the other Newmarket base-knocks.

Open Barrie Series, Lose In Bowmanville

Newmarket ladies will open their Barrie and District Ladies' Softball League semi-final series with Midland "Merchants" at Stuart Scott tonight (Thursday). Game time is 7 p.m. The second game will be played at Midland Monday. Should a third game be necessary to settle the set, it will be aired locally a week tonight, Thursday, Aug. 30.

In the other bracket of the semi-finals, Barrie's front running Valleys meet Orillia "Valley Flyers". The opening game of this bracket was booked for Barrie last night, second game at Orillia tonight (Thursday) and the third, if required, will be played in Barrie Wednesday, Aug. 29.

DROP TO SECOND PLACE

Newmarket ladies did a fine job of tying Barrie Valleys for the Barrie and District Ladies' League top rung with a fine stretch run. Friday they found they couldn't make the Valleys let them have undisputed possession of that highly exalted position. The two teams met in a sudden-death saw-off at the Stuart Scott flats in order to crack that first place jam and Barrie conked the VanZant-Courtney nine 5-0.

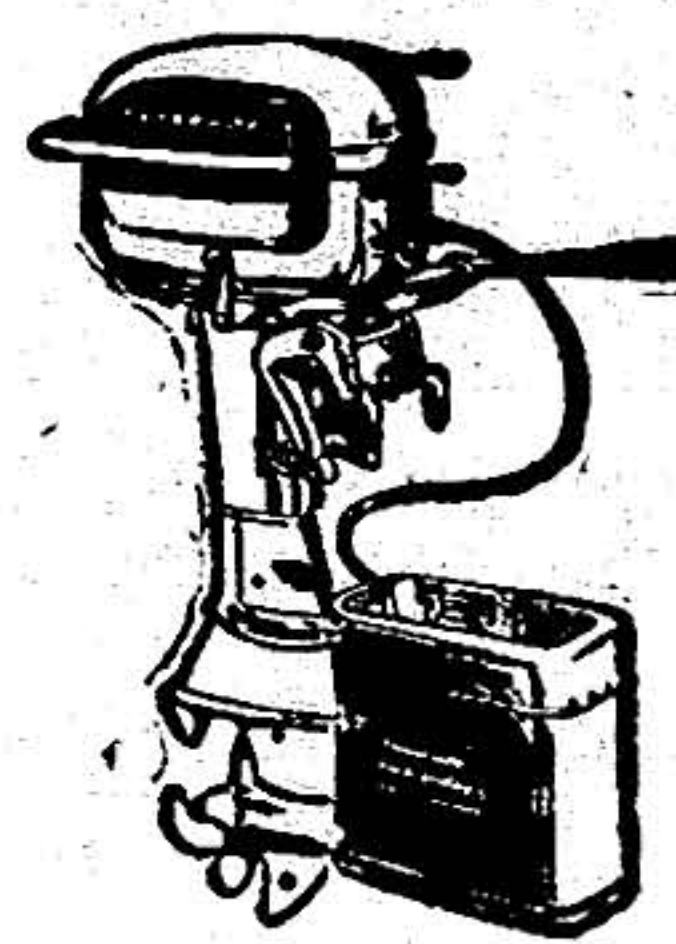

Dorothy Miller, visiting pitching ace, paralyzed our hitters to such an extent they gathered only four hits. Two of these fell to catcher Mona Dean, "Pud" Boivar picked up a third and the fourth eye to the well trained bating fell to centre-fielder Lois Darrach.

The visitors checked Hester Clark for eight bingles, bunching three of these in the third to storm into a 3-0 edge and they added insurance runs in the fifth and sixth to clinch it. Hazel Wright, Jessie Rogers and Beth McLean were the visitors' effective swingers. Net result of the loss was that Newmarket will go against Midland "Merchants" in the semi-finals while Valleys battle the improved third place Orillia "Bus Line Flyers".

Whipper Vs Ski-Hi-Lee In Tonight's Arena Card

Feature attraction at tonight's three-bout wrestling card at the arena promises quite a battle as Whipper Billy Watson, the British Empire Champion, climbs through the ropes against Ski-Hi-Lee, the Ozark Hills Giant. The Ozark Giant carries over 300 lbs. on his well padded 6 ft. 7" frame. In the early bout, Sonny Kurgis who made a hit with 1,300 wrestling fans here two weeks ago, grapples with Lou Sjoberg. In the semi-final bout, mat villain Lee Henning meets Chief Suni War Cloud. The show starts at nine chimes.

Reason's whole pleasure, all the joys of sense.
Lie in these words—health, peace and competence.
—ALEXANDER POPE.
Essay on Man

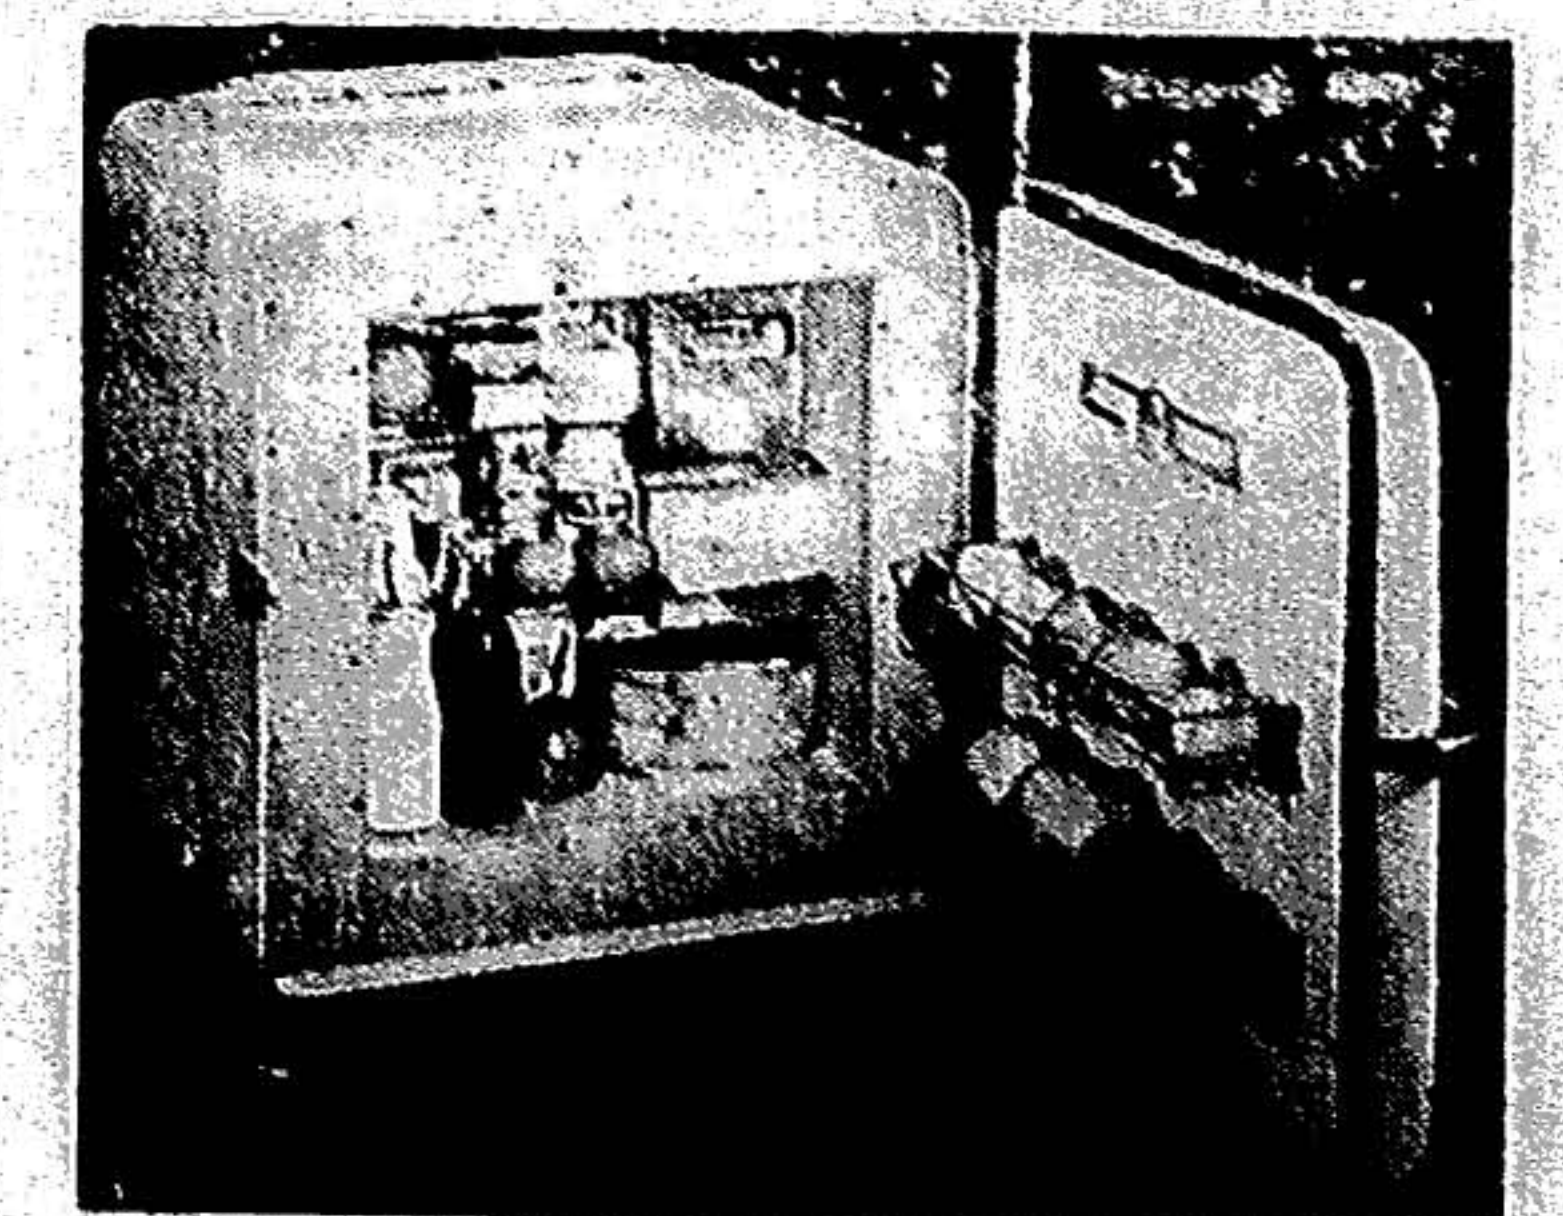

Few will quarrel with the prescription inscribed by the well known poet, Pope.

Ah, but where and how shall we find Health? Its quest has ever been the possessive passion of all mankind. Who holds knowledge of its secret source?

Who, indeed, but the Physician! He is the modern possessor of our oldest science. In him are centered the knowledge of all the ages up from alchemy. Seek out your Physician in time of trouble. Call on him at the first sign of illness. Be advantaged by his experience. Have confidence in his counsel. He will do his utmost to guide you toward the Highway of Health.

Should your doctor give you a prescription, may we compound it for you?

Trade Fair

By HOWARD MORTON

To all of our friends who visited with us during the trade fair, we want to say "Thank You". The sets have been torn down, the costumes returned and most of the war paint washed off. One thing remains: the friendship and goodwill created by each participant.

In our own way we hope we added a laugh to the show; we trust you were able to secure one of our souvenirs and when you think of the biggest Indian in Newmarket, perhaps you will think of Pontiac, the most beautiful thing on wheels.

And what comes next? How would it be if we had a trade fair every day in the year? How would it be if we put ourselves on display every working minute of the entire year?

Oh, I don't mean feathers and grease paint. . . I know that I would soon tire of that! But I do mean a welcome smile, a sincere Hello or Good-day, a merchandise better displayed, things to create and hold interest in the products we sell. In other

words a little plus value for doing business in Newmarket. Now that we have discovered that the people in the district are interested in our merchandise and are willing to inspect and discuss the things we have to show, how would it be if we made an honest effort to merit their confidence?

Let's make Newmarket the shopping centre for this end of the county. Let's give them merchandise of a quality and variety better than that obtainable anywhere else. Let's give them shopping hours to meet their convenience and let's start the ball rolling ourselves by buying the things we ourselves need in the best shopping district in the county, Newmarket.

Morton Bros. Limited, your local Pontiac-Buick dealer, believes that such a plan cannot fail to be appreciated and we sincerely believe that everyone will gain by just the amount of effort that they put into such a scheme. Let's all unite to make Newmarket a better place to do business in and a finer town to raise our families in.

THE LUCKY MOTHER!
MRS. ELGIN FERRIN
4 Gorham St., Newmarket
The management is happy to announce Mrs. Ferrin is the winner of our safety pin guessing competition as displayed in the window of Stedman's Store in conjunction with the recent showing of "Father's Little Dividend" at this theatre.
Mrs. Ferrin's guess was 832, coming nearest to the correct number of 825. A month's supply (eight) passes have been mailed to Mrs. Ferrin. Congratulations, Mrs. Ferrin, and happy entertainment to you!
This opportunity is taken to extend thanks to Mr. George McCullough, manager of Stedman's for his excellent co-operation.
THE MANAGEMENT

In Change-Of-Front Contest Joseph's Many-Colored Coat Couldn't Win Council Prize

We have a very unpredictable council. You can never be sure which way it is going, and when it gets going whether it will keep to the course it has chosen. Nothing has shown up that central weakness more than the meter question. Council decided on a recorded vote to instal meters, and then turned the matter over to a public meeting. A by-law has now been passed to instal meters.

Of all the members of the Aurora town council none seems to us more unpredictable than councillor Davies. Mr. Davies is a man of ability. We have said that before and we repeat it. What we are concerned with here is not his ability but his unpredictability. When you think you can make a safe bet on Davies you are likely to lose it.

To our certain knowledge there was quite a large number of Aurora citizens and merchants who were depending on councillor Davies to stand by his early opposition to putting meters into Aurora. He had even warned council that any authorizing by-law for meters might be defeated when it came to a vote. Those who opposed meters were depending on the support of three members of council, namely, councillors Corbett, Davies and Jones.

Could Have Refused

When the by-law authorizing meters was introduced at council at its August 13 meeting it was none other than councillor Davies who moved its first reading, and he continued to pilot it through a further two readings. That was a wheel-around if you like. (Talk about Joseph's coat of many colors. It wouldn't have a chance in a competition with our town council).

Some apologists for Mr. Davies claim that as he is chairman of by-laws he had no choice and had to introduce the by-law for meters. That, of course, is nonsense. No man is compelled to introduce something to which he is opposed. He chooses the alternative of handing the job over to someone who supports the proposition.

Councillor Davies had the right to explain to council that as he was opposed to meters in Aurora he could not possibly move the first reading of an authorizing by-law. The job would then have been taken on by his by-laws deputy, councillor Pringle, who in fact did take over at a later hour when another by-law was introduced to council.

In moving the first reading of the meters by-law, and fathering it through to a conclusion, councillor Davies completed a change-around which put him up on the mayor's band wagon. We have a very unpredictable council.

Mayor's Meter Wagon

Although Mayor Bell customarily conducts council in the manner of a man trying to find his way around in a dark room, sometimes knocking things down and picking them up again when the light is turned on, he did stand firm for meters. Of course he had the pillars of the petition which Mr. Hoffman presented to council to lean on. That, no doubt, strengthened his morale.

Councillors Fielding and Gundy were in on the start on meters, while Reeve Cook was going around in circles, like a woodland bird caught in a cage, trying to find the way out. He is back on the mayor's meter wagon.

Councillors Corbett and Jones opposed meters. Mr. Jones declared that the town was too small for them and they would prove a nuisance.

Deputy-reeve Murray was not at the final count which put in the meters, and can therefore claim immunity from council's decision. He will no longer need to tap his tormented forehead in a fever of "Yea" or "Nay", while councillor Pringle, who appeared to take fright at the opposition petition, can now smile again. Installation of meters has now been approved by by-law, and the rest remains with the future.

No Expense Statement

We thought we were in for an education in finance when it was agreed that council and the High and Public school boards should come together on Monday evening, Aug. 13, for a discussion of ways and means on the raising of \$600,000 for the High school area buildings and \$250,000 for the Public school building addition and renovations.

We thought we might learn something. In fact we learned nothing more than we already knew from council discussions. Dr. Urquhart, not being a financier, could shed no light on what steps to take in the raising of the money. What he did know was that the money was needed. How to get it was council's business.

The brief words uttered by Dr. Urquhart were sometimes hardly audible, what with the roar of transport trucks along the highway and the yapping of one or two groups just outside the door of the council chamber. Why this yapping is allowed to go on by the council door when council is in session is a puzzle to us. Members of council speak in low enough tones without outside interference smothering their words of wisdom.

We had supposed that council would have been shown a statement of how the \$594,000 already used up on the High school area buildings had been spent. But no such statement was offered, and neither the mayor or any member of council even asked for such a statement. Such a statement of expenditures would have helped the taxpayers to grasp the situation. \$594,000 is a lot of money. Or is it just a fleabite as far as Aurora is concerned?

Everybody Laughed

Dr. Henderson, like a trouble-some boy placing his worried parents, promised that the sum of \$250,000 would not be exceeded. Sure thing. His board would stop right on the button. There would be no appeals for more money. They would stop right on the jack, to use a lawn bowler's expression.

Dr. Henderson is an artist in the presentation of a difficult case. When questions get tough, Dr. Henderson puts over a wise-crack, laughs, and his audience laughs with him. Dr. Henderson then sits down and the debate is ended. Dr. Henderson knows the value of a little mirth in a tight spot.

The mayor laughed; members of the council laughed; and everybody was happy. Nobody had learned anything more than what they already knew. The mayor and council then became very solemn and financially-minded and approved a new by-law for a new debenture issue of \$600,000. Wonderful! From belly-deep in debenture loans, Aurora will soon be breast-high in money obligations.

Oh, yes. Dr. Henderson had promised a saving to the taxpayers of \$4,500. But that money won't buy a decent sandwich to keep a \$250,000 loan in a healthy condition.

Declined to "Dissolve"

At the August 13 meeting of council, councillor Jones in moving a second reading of a by-law persisted in requesting that council "dissolve itself into a committee of the whole." Council did just that and there was no sound of a phiz. Councillor Jones sat down when the "dissolve" process was completed, again without any visible sign that he had lost any of his avoirdupois.

At later second readings of by-laws councillors Fielding and Gundy declined to "dissolve." They were, however, willing to resolve themselves into a committee of the whole, and other members of council agreed. The result is that council minutes show that at one stage it "dissolved" itself into a committee of the whole, while at a later stage it averted any phizzing disaster by "resolving" itself.

It would appear, therefore, that the aspirin and seidlitz powder period of council is giving place to the more solid phase of government by resolution. We congratulate councillors Fielding and Gundy on their reforming efforts in council. Quite obviously you cannot "dissolve" anything into a "whole," especially such diverse ingredients as the Aurora town council.

Another Reform Needed

Where is the sense or use of having by-laws read over a second time? First the town clerk reads them; then they are read a second time by the chairman of by-laws. Two readings are a 50 percent waste of time. No wonder we can't get away until midnight and after at each council meeting. One careful reading should be enough for any intelligent person. No one member of council wants to learn the by-laws by heart. This double reading should be discontinued, and thus bring about another very necessary reform in council procedure.

THURSDAY, THE TWENTY-THIRD DAY OF AUGUST, NINETEEN HUNDRED AND FIFTY-ONE

WHAT THEY ARE SAYING

Flourishing Aurora Company New Candidates For Council Ice Cream And Pie Al Fresco

Although some industries in town are adversely affected at the present time, there are many others which are more fortunate. From what we hear, Aurora's major industry, the Sisman company, is working at full capacity. That makes good news. There is also a good deal of seasonal unemployment at this time of year. In any case, we believe in taking the hopeful view rather than its opposite.

In conversation with John Offord the other day we were glad to hear that Factory Equipment is working at full capacity. Mr. Offord's firm has plenty of work on hand. Last year it was our pleasure to give our readers a detailed description in our "Local Industries" series of the varied undertakings of this firm, where Mr. Offord has been superintendent since 1941.

Factory Equipment manufactures cranes, floormasters, hand trucks, lift trucks, jackmasts, pallets, power fork trucks, skid platforms, stackers, storage racks, wheels and labor savers, etc. A separate and independent organization, Factory Equipment is representative of the Lewis Shepard Products Inc., the head office of which is at Watertown, Mass. The products of Mr. Offord's firm are shipped from coast to coast in Canada.

We were glad to hear John Offord say that his firm is enjoying continued prosperity and we hope this state of things will go on indefinitely.

The Willis Store

There is always plenty of business and activity in the Willis store, but "J. F." and Mrs. Willis have gone for a two weeks' vacation at Lake Restoule where they will stay in a country cottage. They left on August 20 and will be away until the 31st of the month. From August 27 to September 1 the store will be closed, to allow other members of the staff to enjoy a vacation.

The south end of Main St. was unusually quiet while the venetian blinds of the Hess store were recently drawn during a vacation period. When the Willis store is closed the north end will be that much quieter. But the closure will amount to a few days only when old customers will flock back to their favorite habitat with the sureness of homing pigeons.

This, the oldest individual business in Aurora, is a notable meeting place where freedom of opinion is welcomed. It is hard to say whether John Sr. or John Jr. is the more direct in expressions of opinion. The chief difference is that John Sr. has lived longer than John Jr.

Mr. Willis (or "Jock" as he is familiarly known), served for the long period of 24 years as a member of the public school board. We hardly think, however, that the land at the public school is available for use as an off-street parking centre council has taken no steps in the matter. All it seems that needs to be done is for a parking sign to be erected. Why this excellent site continues to be neglected by

(Continued on Page 13)

KNOW YOUR MERCHANTS

O. D. Hess

Seventy-two years ago there were two druggists' stores in Aurora. The one now operated by J. F. Willis, and formerly owned by Dr. Rutherford and C. A. Willis (father of "J. F."), was originally the business of H. J. Hartman. The other drug store was owned by Frank York, in the premises now occupied by the subject of our present "Know Your Merchant" article.

Research we have made has not so far revealed that Frank York and Harry J. Hartman had any predecessors in the drug business in Aurora. In those 72 years there have been only three proprietors of the store now owned by Mr. Hess.

During that period immense changes have overtaken the merchandising of drugs; changes brought about by scientific discoveries and developments never dreamed of by the early drug merchants. The whole business has grown more complex, so much so that the druggists of the foregoing period would have to begin all over again in the learning of their trade.

The business carried on by the late Frank York was subsequently taken over by J. H. Sloan, who operated it until it again changed hands. The change that then took place arose out of the purchase of the business by Mr. Hess in the year 1936.

Early Beginnings

O. D. Hess was born at Brantford, Ontario. There he was apprenticed in the drug business and, after graduation from the Ontario College of Pharmacists in 1926, he went to Windsor, where he remained for seven years. Three years were spent in Norwich and then, as stated, Mr.

Aurora News Page takes pleasure in offering this brief tribute to Mr. and Mrs. Hess, two of Aurora's best-known and popular personalities, wishing them continued success and happiness in the coming years.

EDITORIALS

HYDRO BUILDING OFFENDS

The new hydro building in course of construction on Mosley St. is an offence on two counts. It is an offence against the very idea of good town planning, and an offence to adjacent home owners. We wonder very much if those home owners would not have a good claim for property depreciation?

The leaning angle of the building abuts beyond the line of immediate home owners and consequently eliminates some of the amenities they formerly enjoyed. The west supporting front portion of the building encroaches considerably beyond the line of the old town hall, while the overhang of the roof extends over the sidewalk. Viewing the building from Yonge St. it looks like a monstrosity taking shape.

We wonder very much if these offending features conform to the building regulations? If they do then there is certainly something seriously wrong with regulations that permit of such an inartistic assemblage of wood and brick as the new hydro building. Mosley St. is one of the most interesting residential areas in Aurora; but this new building has destroyed some of its attractions.

Concerning the need of a planning board there is on record a statement by Councillor Pringle to the effect that "Aurora could not feel too proud of some of its property locations." One thing is sure: unless the present shape of the new hydro building is remodelled we are going to have another building eyesore in Aurora.

It has been drummed into the ears of Aurora citizens (ad infinitum and ad nauseam) that sound town planning is an absolute necessity. Where is the sound town planning evident, we ask, in the new hydro building?

The present chairman of the hydro commission shuns press publicity, so we are unable to give the citizens any news on the history of how this new town property came into existence. We have no information on who designed the plans for the building. These are matters which concern the taxpayers and they should be made known. Perhaps the chairman of the Aurora hydro commission will graciously descend from his private pedestal and write another letter to The Era and Express, giving the facts?

We presume the local hydro commission ordered plans for the building, and when these had been duly studied and approved a building permit was requested from the building permits committee of the town council. Mayor Bell is chairman of that committee, and is also ex-officio member of the hydro commission of three. The other member of the building permits committee of council is councillor Davies. The third member of the building permits committee was the former town clerk and no successor has been named in his place to our knowledge.

Presumably the final word in regard to the construction of the new hydro building would rest with the building permits committee of council, which would authorize the plans and the building. Probably the planning board, too, would have its say.

The offending characteristics of this new building, on which a town borrowing of \$20,000 was made, is causing considerable adverse comment from citizens. As one of them remarked: "If any ordinary citizen put up a building in that manner he would have to alter it."

Surely there isn't one building law for the ordinary citizen and another for the Aurora hydro commission! As one looks at the new hydro building the foregoing question seems to answer itself.

THE MEMORIAL ARENA

It is the opinion of a good many citizens that the present arena board should be supplanted by the recreation commission. Which does not mean that the members of the arena board should be fired or anything of the kind. On the contrary, it could be that some members at least of the arena board, if it were supplanted, would find places on the recreation commission.

There is nothing personal in the suggestion that the work of the arena board should be taken over by the recreation commission. The most substantial reason for the suggested change is that the recreation commission, because of the nature of its set-up, can obtain special grants for its work from the education dept. of the provincial government.

If the work of the arena commission and the recreation commission were amalgamated such grants would be available, whereas there are not obtainable for the arena commission as a separate entity. There could be no better reason for the suggested change.

The claim has been made that there are too many organizations in Aurora, each conflicting with the other. Some of them are more or less comatose. The last charge that can be made against the recreation commission is that it is comatose. It is indeed the liveliest and most progressive welfare organization operating in Aurora at this date.

Punctually and regularly the recreation commission holds two meetings each month. Special meetings also are held. The members of the commission are enthusiastically interested in their work. They have proved themselves qualified to do a big job of work and have won the confidence of the citizens of Aurora. If the arena were in their care, it would take on a new lease of life.

Petition Opposes Plant Site Council Orders Aurora Hydro To Reconstruct Its Building

A general meeting of the town council was held on Monday night, August 20, when there were present Mayor Bell, Reeve Cook, Deputy Reeve Murray, Councillors Corbett, Fielding, Gundy and Jones. Mrs. Helen Dickson, assist. town clerk, officiated in the absence on vacation of K. G. Moses, town clerk. Councillors Davies and Pringle were not present. Mr. L. P. Evans represented a large body of petitioners.

Among the correspondence read was a letter from the Aurora Rotary club offering a gift of a safety device marker which was gratefully accepted by council on behalf of the town.

Mr. L. P. Evans presented a petition signed by 127 citizens opposing the proposed location of the Garfat plant, the petitioners maintaining that the plant would prove detrimental to a purely residential area, especially in view of the odors it was likely to create.

Mayor and Mr. Evans

"Try and locate such a plant on Kennedy St. and see where you would get," Mr. Evans told the mayor, asking whether it was a fact that a building permit had been issued.

"The permit has been granted," replied Mayor Bell, "but that doesn't mean very much. We've still got to have a report from the engineer on the questions of a water supply and sewage."

"Don't you get such reports before you issue building permits?" asked Mr. Evans, adding that "he thought it was a strange thing to do to issue a building permit and then proceed to make enquiries."

Mayor Bell then asked that the petition be held over until the next meeting of council when it was expected that a full report from the engineer would be presented. He requested that the petitioners come back to council on that date and discuss the matter again.

Mr. Evans enquired if the planning board by-law had been passed and when the mayor said that it hadn't Mr. Evans enquired under what authority the building permit had been granted? "We have power to issue permits where we think necessary," retorted the mayor, adding that the matter be held over.

Stating that the petitioners would appeal to the municipal board if necessary, Mr. Evans on their behalf agreed to hold the matter over until the next meeting of council.

Hydro Building

Sharp words were spoken when Mayor Bell, towards the close of the meeting, referred to complaints received regarding the new hydro building on Mosley St.

Councillor Corbett asked the mayor what use it was to have building by-laws unless they were lived up to? He said the new hydro building was a disgrace to look at and he would

like to know who authorized it?

"Mr. Copland thinks it is a nice building," replied Mayor Bell.

"Who is Mr. Copland?" exclaimed Councillor Corbett. "He's the electrician," adding that he thought it "would be very foolish to let Mr. Copland try and boss the town."

Mayor Bell said the building "looked screwy" but thought that they should wait until Councillor Davies, who was the other member of the building permits committee, returned to council.

Debate Continues

Councillor Gundy stated that he had called upon Mr. Copland at the council chambers to point out that the building was not conforming with building regulations but had received such a hot reception that he decided to let matters take their course.

Councillor Corbett: "Where is your hydro commission, Mr. Mayor? And who drew up the plans for the building and who authorized them?"

(Continued on Page 13)

ARENA REPORT

The following is a report from the Aurora Memorial arena committee of receipts and disbursements from July 18, 1950, to July 31, 1951. The report was handed out by Mayor Bell on Monday night, Aug. 20.

Receipts, balance on hand, July 18, 1950, \$5,467.39; arena receipts: hockey matches, \$2,761.00; hockey practices, \$2,739.50; Toronto Hockey League, \$3,394.50; St. Andrew's College, \$1,388.40; skating, \$1,121.90; high school, \$75; public school, \$75; Lions club carnival, \$50; juke box, \$150.95; holding tickets, \$87.50; concession, \$1,200; advertising, \$165; total, \$18,676.20.

Disbursements: wages, \$3,795.85; ticket takers and snow removal, \$423.75; light and power, \$1,215.65; fuel, \$756.50; ammonia and oil, \$34.25; repairs to building, \$715.25; repairs to plant, \$63.81; travelling expense, \$83; telephone, \$145.51; tickets, \$24.52; advertising expense, \$35.02; equipment, \$512.90; insurance, \$1,243.19; sundry, \$438.72; bank charges, \$4.19; total, \$9,472.11.

Interest on debentures, \$1,850; principal on debentures, \$3,000; Balance on hand, July 31, 1951, \$4,354.09; total, \$18,676.20.

Note: 272 hours of ice time supplied free for minor hockey practices and games, Sunday public skating, etc.

FILE - HARTLEY
A quiet but pretty wedding was held July 26 at 7 o'clock in the chapel of St. George, Currie Barracks, Calgary, when Lorraine Evelyn, daughter of Mr. and Mrs. Robert Hartley, Fernie, B.C., became the bride of Pte. Albert William (Bert) Pyle, son of Mr. and Mrs. J. H. Pyle, Cedar Valley. The padre, Capt. Anderson, performed the ceremony.
The bride, given in marriage by her father, was gown in a

white nylon ballerina-length dress with white chapel veil and a corsage of red roses. Miss Kathie Devlin, the bride's only attendant, chose a ballerina-length dress of pink nylon with corsage of pink roses. Pte. Keith Weindorff attended the groom.
Following the ceremony a buffet supper was served at the home of Mr. and Mrs. Harry Faye for a few friends and relatives.

Marian Martin Patterns

9232 12-20, 30-42

BELLE SILHOUETTE

9190 12-20
by Marian Martin
ACCENT ON FASHION

NEW—that bouffant look! New—those deep, deep pockets. Sew this for a gababout you'll be mad about. Choice of three chic sleeves, plain, elbow-puff with sharp cuff or winged shortlets!

Pattern 9190 comes in sizes 12, 14, 16, 18, 20. Size 16 takes 4 3/4 yards 39-inch fabric.

This easy-to-use pattern gives perfect fit. Complete, illustrated Sew Chart shows you every step.

Send **THIRTY-FIVE CENTS** (35c) in coins (stamps cannot be accepted) for this pattern. Print plainly **SIZE, NAME, ADDRESS, STYLE NUMBER.**

Send your order to MARIAN MARTIN, care of the Newmarket Era and Express, Pattern Dept., Newmarket.

CHOICE the best design for your good fabric! This takes top honors in fashion, with its smart new details which you accent with bias binding. Shown here as casual in a cotton check—it could also go to tea or dinner made in a taffeta or other dressy fabric!

Pattern 9232 in sizes 12, 14, 16, 18, 20; 30, 32, 34, 36, 38, 40, 42. Size 16 takes 4 1/2 yards 35-inch fabric.

This easy-to-use pattern gives perfect fit. Complete, illustrated Sew Chart shows you every step.

Send **THIRTY-FIVE CENTS** (35c) in coins (stamps cannot be accepted) for this pattern. Print plainly **SIZE, NAME, ADDRESS, STYLE NUMBER.**

Send your order to MARIAN MARTIN, care of the Newmarket Era and Express, Pattern Dept., Newmarket.

TAKE A TIP

Tests For Bedding

When buying sheets, pillow cases, blankets and pillows read the attached labels, note the size and judge the quality wisely.

There are two classifications for sheets and pillow cases—percale have about 180 threadcount, degrees of fineness in both of these grades. The finest of percales about 204 thread count are luxuriously soft. Regular percale have about 180 thread.

Muslin sheets which are woven to take rugged wear, are of heavier threads and consequently a lower thread count.
Consider how often blankets have to be washed and how washed before you buy them. Also whether two light blankets may assure more comfortable sleeping than one heavy one. Judge a blanket by the depth and evenness of the nap and by its resiliency. A good blanket has a springy quality when crushed in the hand. Beware of blankets that shed when brushed

with the hand.
Electric blankets eliminate the need for extra bedding, as by means of an automatic control, warmth is provided to make up for changes in room temperatures throughout the night.

A quick test for a firm Terry or Turkish towel is to hold the towel to the light. Only tiny points of light show through a good towel. Many colored towels will stand bleaching and strong sunlight. Dark solid colors sometimes "bleed" in the first two or three washings due to excess dyes and they may be less absorbent than white or pastel towels.

All towels shrink somewhat in laundering. Check the tension in the border, selvedge and main section of the towel to see that it is even.

BIRTHDAY CLUB

Birthday wishes are extended this week to:

Douglas Pegg, Sutton West, nine years old on Saturday, Aug. 18.

Gordon Link, R. R. 3, Newmarket, 11 years old on Saturday, Aug. 18.

June Cecile Raymond, Newmarket, eight years old on Saturday, Aug. 18.

Gary Hunt, Downsview, 14 years old on Sunday, Aug. 19.

Peter Andrew Watt, Newmarket, eight years old on Sunday, Aug. 19.

Nelson Edward Ion, Newmarket, eight years old on Sunday, Aug. 19.

Kenneth Robert Prior, Newmarket, eight years old on Monday, Aug. 20.

Shirley Marie West, Holland Landing, 14 years old on Monday, Aug. 20.

Karen Johnston, Newmarket, nine years old on Tuesday, Aug. 21.

Wayne Darrell Broughton, Newmarket, 13 years old on Wednesday, Aug. 22.

Kenneth Mitchell, Roche's Point, eight years old on Thursday, Aug. 23.

Send in your name, address, age and become a member of The Newmarket Era and Express Birthday club.

HIGH'D GOLF CLUB HAS 'HAWKINS DAY'

The Highland Golf club, ladies' and men's sections, held a Sadie Hawkins day mixed two-ball foursome on Saturday, Aug. 11. All players were dressed as one of Al Capp's characters.

Low net was won by Mrs. Vi Dales and Brad Moore, low gross, Mrs. Shirley Cain and Jim Landen, second low net, Pauline Squarebriggs and B. MacDonald, second low gross, Marg Hearn and Bill Oliver, third low net, Mrs. Kay Landen and F. Henney, third low gross, Agnes Wilmot and Herb Cain.

The honest golfer's prize went to Evelyn Clark and W. Preston. Mrs. Kay Landen, Mrs. Vi Dales and F. Henney won the costume prizes.

The Common Round...

By Isabel Inglis Colville

WE'VE BEEN TO THE FAIR

My first impression of the Newmarket Trade Fair was of a moving picture in technicolor, produced by the Horticultural Society and put on by it and the merchants of the town.

We have grown in this pampered era to be a people of luxurious tastes, we accept luxury as our due and here we saw these luxurious tastes catered to in innumerable forms—forms useful, forms beautiful and forms luxurious.

Newmarket is increasing in stature—just take a swift survey of the town in which you live. Churches crown her hills at the north, pointing to the eternal truths which must underlie any town's advancement if that town is to rise above a mere collection of buildings. At the south crowning the other rise is the High School and Pickering College, speaking of the satisfying of the intellectual hunger, while at strategic points throughout the town are the excellent schools where young feet tread the paths of learning.

It has a band which has distinguished itself on many occasions, a town orchestra and dance orchestras, fine organs and organists who take pride in their work with the choirs which give willing service to the churches. There is a hospital, beautifully situated, and which is so much needed that it is nearly always overcrowded. There are doctors to heal us when we are sick, lawyers to ease our worries, manufacturers to give work, insurance people to protect us, real estate men to find us homes, policemen and firemen to guard us, a local newspaper which is outstanding.

What more would you want except a main street roadway that does not lose your spine as you drive up it, a recreation center and some kind of an attachment you could wear when shopping to warn you that the red violation sign was creeping up on you in your deadly enemy—the parking meter!

But to get back to the Trade Fair from which I have seemingly strayed.

Ang West's display of luggage made us wish to take a trip just for the excuse of buying and using it. Best's display of perfume and candy and one felt, looking at Stewart Beare's array of radio and television sets, that it would not be long before television would be as much a home feature as radio. T. Birrell and Sons, Geer and Byers and Morton Bros. display of new and lovely cars made me almost break the tenth commandment.

Boyd and McMath's booth showed the inestimable benefit of fire protection, while Budd's miniature studio with its portraits and musical instruments touched on two themes dear to most of us—the keeping of friends' faces near us and the possibility of making sweet music.

Campbell's display of beautiful china aroused longings, for no true woman can fail to be thrilled by the beauty of line and color found in these lovely wares. Nor can she fail to be intrigued by the glittering display in the Yates booth. Mrs. McClure said it hurt her eyes to look at the diamonds—well maybe it did mine, but I was too engrossed with the limpid purity and rainbow brilliance of the exquisite things. It was good to see a stalwart blue figure keeping watch and ward.

Then between Dyer's home furnishings, R. Jolley and Son's heaters, Lee's floor coverings, Senecal's gorgeous draperies, Newmarket Co-Op paints, Newmarket Furniture and Electric appliances, Smith's Hardware, Spillotte and Son's different services, Fred Palmer's electrolux and Ken Ponting's pianos, one felt you could really have a dream house almost divorced from anything so commonplace as work and a joy to the eye.

Eves' Ladies Wear was a display to delight the eye. One velvet gown was a particular source of pleasure to me. All the heroines of the romances I loved in days of yore, wore regal velvet gowns and the desire to possess one has grown with me in the years.

And there was the Singer Sewing Machine to make and to care for the clothes we need. It too has come down through

the years. I'm afraid to quote or misquote the following in reference to a mere sewing machine, but here goes—Age cannot wither it, nor custom stale—the infinite variety of its uses.

The flower displays of McCaffrey's and Perrin's were very lovely for who can imagine a world without flowers and here were two displays which showed the infinite variety of uses their beauty can attain. Homes are the richer for their fragrance, brides, like the one displayed, carry them with their charming message and in joy and in sorrow flowers seem the answer to many problems.

At the Marigold display we saw something which made us think that there is something new under the sun! The spun copper display was beautiful. Its red gold color, an exotic and exciting color, would make it an adornment to any table it might grace. And behind it is a charming little tale of talents put to use and made to succeed. Constable and Magee had their appeal for those to whom the land calls and without the land where would we be?

And down the centre of the arena stood the flowers—proud and stately, dainty and fragile, all colorful, nearly all fragrant and all speaking of the hand of Him who created them.

The Horticultural Society finds pleasure in their work and the public find equal pleasure in feasting their eyes on so much loveliness.

And what a lesson in miniature was the health unit. We missed the vegetable display, the children's art work.

As we left, we looked back at the gay scene where friend talked to friend and compared notes, while over all wafted the mellow notes of the organ, which came into vibrant and tuneful life under the skillful fingers of Mr. Hurrie.

Don't imagine I'm forgetting Morrison's Men's Wear—I am not! Nor his pirate nor his treasure chest, in which I tried to fit a key. Needless to say, it didn't fit. I never have luck with anything like that, but it was fun. Instead of giving the key back as Archie and Mrs. McClure did, I dropped it in my purse—and although they all helped me look and we took everything out of the bag, it has never showed up. Of course that purse has a collection of things in it among which I root, more often than not, unsuccessfully, for the things I want, so it may be lurking amid the debris. If so, it shall come to rest at Morrison's. This article also has to come to rest!

Next week—Fur Companion Sunday.

(Perfect tea is so easy) to make with

"SALADA" TEA BAGS

Barbara Brent's BUYS AND WHYS

MONTREAL—Never again will I worry on bake days. Now that I've discovered the "foolproof" way to bake—with CALUMET BAKING POWDER... bake days are happy days in our house. Whether I'm making tea biscuits, cake or fluffy muffins, Calumet sees me through to a happy ending. Calumet, you know, is the baking powder with the double action. It raises the batter or dough first in the mixing bowl, then when it is popped into the oven—Calumet raises the mixture again—higher and higher. The result? More tender, lighter, perfectly risen cakes, muffins and tea biscuits. And Calumet does my budget a favour, too! No money wasted on baking failures when Calumet is used!

Are You Getting Your Money's Worth out of every dollar you earn?
A hundred cents in every dollar... and all of them have to count. Otherwise, today's high prices will blot up the money you've been hoping to save for important things. After all, you can't afford to surrender to the cost of living! All that you need is a plan. One that's geared to your income and wants... and makes every last cent do its full share of buying. Fortunately, there is such a plan. It's **PERSONAL PLANNING**, the BANK OF MONTREAL's timely contribution to helping you and me get the better of our money problems and get more out of life. Why not drop into your nearest branch of the B of M today? Ask for your free copy of **"PERSONAL PLANNING"**. This bright little booklet will open your eyes to how far you can make your money go... when you really plan your spending and your saving.

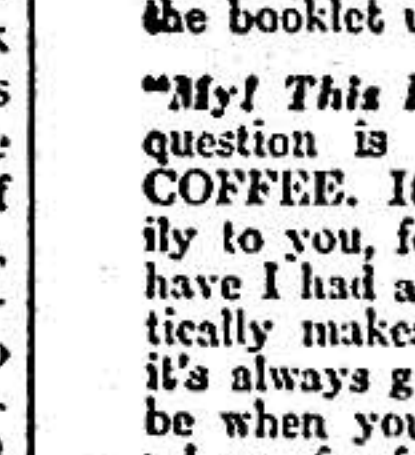

You Can't Blame It on the Heat
when your corns or calluses bother you. Better blame it on the fact that you've neglected to remove them with wonderful Phenylum! That's that new wonder-working ingredient in BLUE-JAY Corn and Callus Plasters. It took 10 years of scientific research by Blue-Jay to develop Phenylum. And now they've perfected it to the point where it works 35% faster and is effective in 95% of the cases tested. I can vouch for its effectiveness, too... having been a long-time sufferer from corns—until I discovered its "magic". Now I rely on Blue-Jay Corn Plasters with Phenylum to keep my feet forever happy!

Of Course Your Youngsters keep you on the run.
these vacation days. But you can still take time to give them a special JELL-O dessert treat... for tempting the exciting desserts can be whipped up in minutes with JELL-O JELLY POWDERS—and at less than 2c a serving! Here's a wonderful one for the young 'uns... **JUNIOR SAILBOATS**. 2 cups hot water. 2 or 3 canned peach halves. Dissolve Jell-O in hot water. Turn into sherbet glasses. Chill. Cut peaches in boat-shaped pieces. Cut small triangles of colored paper for sails. Insert a toothpick through sail and into each peach slice. To hold sail erect. When Jell-O is thick enough to hold up peach boats, arrange one in centre of each "Jell-O lake". Chill until firm. Serves 6.

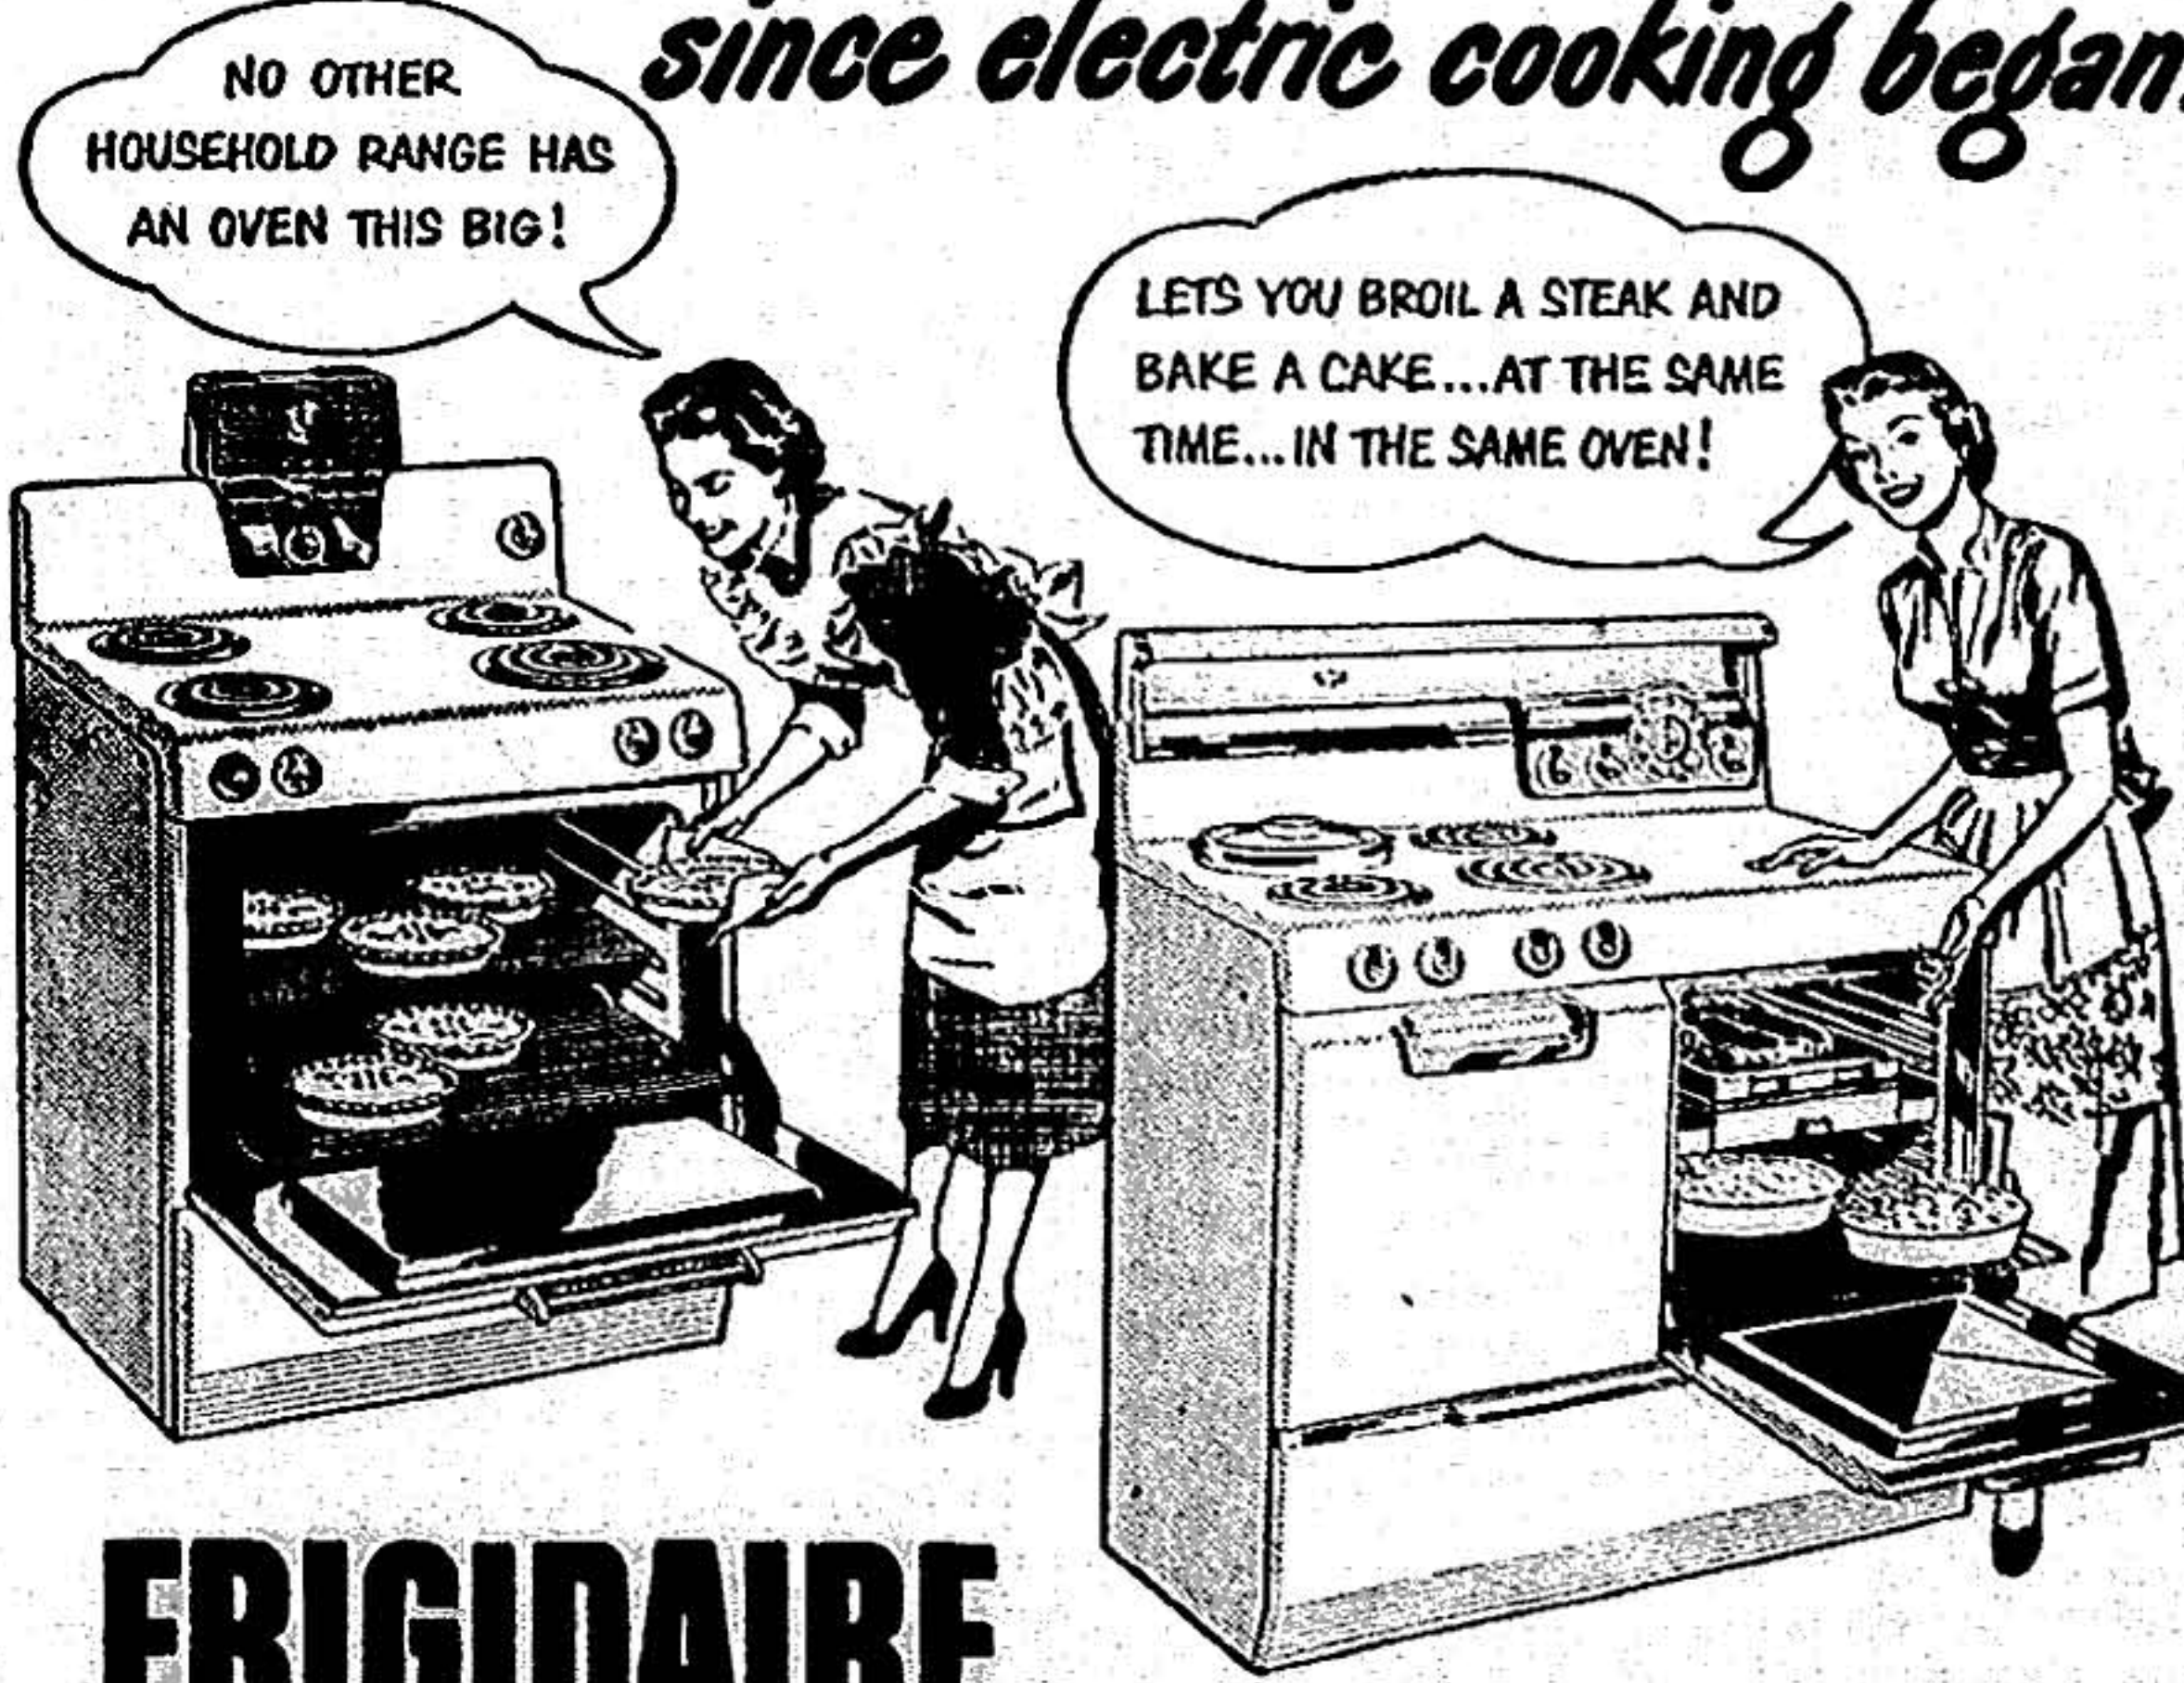

Most Men Consider Themselves Connoisseurs Of Food... and there are very few who don't feel that homemade jams and jellies are delicacies beyond compare. So to keep your man's eyes a-sparkle through the winter, now is the time to do down his favorite fruit, using CERTO LIQUID PECTIN. Jams and jellies are more flavorful, more full of color with Certo Liquid Pectin, because you can use the fruit when fully ripe—at its truest, most flavorful, best. And with Certo, you'll save 2/3 the time of the former long boil method. It's so easy to use. Just follow the simple instructions in the booklet under the label of each bottle of Certo.

"My! This Is Cool Coffee! What kind is it?" The answer to that question is more often than not—RED ROSE COFFEE. It's coffee that I can recommend heartily to you, for never—in several years of using it, have I had a coffee failure. Red Rose Coffee practically makes itself! Because it's quality coffee—it's always good, no matter how hurried you may be when you're making it. I like a coffee I can rely on for faithful good taste—that's why Red Rose is my choice. And you'll find that that same Red Rose makes Red Rose Tea "tops in taste", too! And—because Red Rose Tea is good tea—it gives you more cups to the pound... its flavour goes a long, long way!

The two most amazing new ranges since electric cooking began!

FRIGIDAIRE "Thrifty-30" Electric Range

You can roast a 35-lb. turkey—or bake six pies at once—in the giant oven of this Frigidaire range! Yet the whole range is only 30 inches wide—fits easily in the smallest kitchen. And it has fast-heating Radiantube surface units—automatic Clock Control—porcelain finish. Full-width utensil drawer.

FRIGIDAIRE "Wonder Oven" Electric Range

Use the "Wonder Oven" as one big oven—or just slip in the divider, and you have two ovens with individually controlled temperatures. Also has Radiantube high-speed surface units—automatic Cook-Master Oven Clock Control—three-way Thermizer Cooker—and porcelain finish, inside and out.

tertained for her niece, Miss
Cairine Sedore, in the form of a
bridal shower on the evening of
July 26.

What They Are Saying

(Continued from Page 11)

council is something we cannot
understand.
Yet council talks about buying
this and that piece of land for
parking purposes and neglects to
avail itself of what is ready for
use without cost to anyone. Can
you beat it?
Aurora Bowling
There was a trebles lawn bow-
ling tournament for men at Au-
rora yesterday week, results of
which were announced in last
week's front page of The Era and
Express. Because of the fact that
this newspaper's final press run
is made late on Thursdays, in or-
der that all possible local news
can be covered, we were able to
announce the results of the tourna-
ment.

Wednesday, Aug. 16, was a mis-
erable day for lawn bowling, with
its frequent drizzles and occa-
sional sharp showers. However,
teams from Claremont, Rich-
mond Hill, Uxbridge, Agincourt,
Newmarket and North Toronto
joined in contests on Aurora
rinks. Had the day been fine a
much larger crowd of bowlers
would have come in to play on

greens that we doubt have any
superiors.
We played a little part in the
tournament which give us an op-
portunity to study at close hand
the bowling arts of the redoubt-
able Andy Mordison. With him
were Reg Wilson and Vaughan
Goring. We were pitted against
Vaughan but hardly remember
any end when we got one up
on him. Reg Wilson ably sup-
ported his skip, Andy.

Mr. Mordison is an excellent
lawn bowler. He is a great judge
of weight and never delivers a
ball without the greatest care.
He reminded us much of the
style of Gar Yerex, in his delib-
erate and careful deliveries. We
cannot imagine Mr. Mordison
throwing a bowl carelessly. He
has also a quick understanding of
the variations of "grass". He
soon picks up the "run" of the
greens. He is an excellent skip.
We believe he has a preference
for short "ends". And so have
we. We think a very long "end"
is a matter of muscle rather than
of skill. The short "ends" call
for more judgment in the matter
of weight. Mr. Mordison won
the tournament as reported last
week.

Coming Events
Coming events, they say, cast
their shadows before them. There
is nothing very shadowy about
Stew Patrick whose substantial
figure will most likely stalk the
municipal stage at the forthcom-
ing Aurora elections. Mr. Pat-
rick has had council experience;
he is a shrewd and successful
businessman and if he comes for-
ward again as a candidate he will
receive wide support.

We believe he will come for-
ward as a candidate and claim
that this is the first guess to be
published in regard to possible
candidates in the November no-
minations. We could make other
fairly good guesses but will re-
strain ourselves to the extent of
saying that there won't be any
acclamations at the next munici-
pal elections in Aurora.

Pie and Ice Cream
In company with our better
half, we were on our way to the
library late last Saturday night
when we saw a pretty scene on
the lawn of the Presbyterian
church. Tables were set and wo-
men in alluring dresses, accom-
panied by their men folk, were
enjoying a feast al fresco.

Coming over the lawn, pie in
hand, was the familiar face of
Dick Buchanan. We said to him:
"This is news." "It could be,"
said Dick, "so long as you don't
tell your readers that I stole it."

We replied that nobody would be-
lieve us if we did say that.
Then we chatted with Mrs.
Milford McDowall who told us
that this was just another of those
informal gatherings whose pur-
pose was to assist in helping the
fund for the new Presbyterian
church hall. Everybody seemed
happy in the warm summer's eve-
ning.

Dick Buchanan didn't steal the
pie. He bought it from surplus
stock with no price reduction.
Mr. Buchanan is one of the most
active members of the Aurora
recreation commission.

Won the Chickens
There was a doubles lawn
bowling tournament in Newmar-
ket on Saturday, Aug. 18, which
attracted no less than 18 rinks.
The tournament was won by a
Barrie team, skipped by Gordon
Spencer.

Representing Aurora were Mrs.
Pattenden and Leo Potter and
Miss Patterson and George Pat-
tenden. The Aurora team com-
posed of Mrs. Pattenden and Leo
Potter was successful in getting
one win for 44 plus three and
brought home the chickens prize.

After getting two wins, Miss
Patterson and George Pattenden
lost out to Barrie. Well, Aurora
couldn't expect to bring home all
the prizes. The home team made
a fine showing. Congratulations.

ZEPHYR

Mrs. Jas. Lockie and daughter,
Miss L. Lockie, spent a few days
at Franklin Beach last week.

Mrs. W. J. Rynard and Mrs.
Gordon Rynard visited friends at
Guelph last week.

Mrs. A. B. Lockie returned
home via Quebec on the Empress
of Scotland after spending the
summer in England, France and
Switzerland.

We are glad to report that Mr.
Byron Armstrong is able to come
home from York County hospital.

Mr. and Mrs. Howard Palmer
and daughter, Joan, spent Sun-
day with Mrs. Julius Rynard.

We are sorry to report the ill-
ness of Mr. John J. Meyers and
wish him a speedy recovery.

Mr. and Mrs. John Lindsay and
children of Bolton spent Sunday
with Mr. and Mrs. John Gal-
braith.

ANSNOVELD

Rev. Bronsema, Toronto, con-
ducted the services at the Chris-
tian Reform church on Sunday.
The annual family reunion and
picnic of the Horlings family was
held at Innisfil on Saturday, Aug.
18.

Several new families have ar-
rived here from The Netherlands.
Among them were Mr. and Mrs.
E. DeJongs' relatives who hope
to make their home here.

Mrs. H. Koning, Chatham, is
visiting at the home of Mr. and
Mrs. F. Flack for a few weeks.
Mr. and Mrs. J. Miedema and
children spent the weekend vis-
iting relatives in Brantford.

PINE ORCHARD

Mr. and Mrs. Edson Johnston,
Miss Beth Johnston and Mr. Don
Johnston enjoyed a motor trip
recently to Tobermory and Dy-
er's Bay.

Misses Joan and Barbara
Hoidge, Etobicoke, are spending
their vacation with Mr. and Mrs.
Russell Allan and Miss Alea
Widdifield.

Miss Jean Johnston, Toronto,
is spending her vacation at the
home of Mr. and Mrs. Walter
Johnston.

School fair will be held at
Pine Orchard school on Friday,
Sept. 7, at 1.30 p.m. Everyone
is heartily welcome.

Mrs. G. P. Wood spent the
weekend in Seaford with Mrs.
Fred Savage.

Mrs. John Ash held a quilting
on Wednesday afternoon of last
week at her home.

Mr. and Mrs. Howard McClure
were Sunday guests of Mr. and
Mrs. J. R. Chapman.

Mr. and Mrs. W. Whitfield,
Thornbury, and Mr. Wilfred Wal-
ters, Calgary, Alta., spent a few
days last week with Mr. and
Mrs. Rae McClure.

Many from this community at-
tended the Trade Fair and hort-
icultural show in Newmarket last
week.

Mrs. Wm. Collins, Mr. and
Mrs. Fred Leach, Mr. and Mrs.
Ross Armitage and Mr. Harry
Armitage were Sunday guests of
Mr. and Mrs. H. V. Armitage,
Stouffville.

Service at Union church on
Sunday, Aug. 26, at 11.15 a.m.
with Mr. Alex. Dobson in charge.
Sunday-school at 10.15 a.m.

HOLLAND LANDING

The first fall meeting of the
Victor club, Holland Landing, will
be held at the home of Mrs.
H. McDonald on Thursday, Aug.
30, at 8 p.m.

Council Report

Continued From Page 11

Mayor Bell said he was in-
rather a difficult situation since
he was a member of the hydro
commission and also a member
of the building permits com-
mittee. Councillor Davies was the
only other member of the build-
ing permits committee. As far
as he knew the hydro drew the
plans for the building.

Councillor Corbett: "I want
the name, Mr. Mayor. Who drew
the plans?"
Mayor Bell: "Need I answer
that question?"

Deputy Reeve Murray
In a lengthy statement deputy
reeve declared that the building
by-laws should be upheld, ex-
pressing surprise that a town
property should be found evad-
ing the regulations. He saw no
reason why they should wait un-
til Councillor Davies returned to
council. Let them deal with the
matter that night and be done
with it.

Mayor Bell: "If that is the
wish of council, it's alright with
me."

Reeve Cook: "I haven't enough
knowledge of the matter to vote
on it tonight."

Councillors Fielding, Gundy
and Jones supported immediate
action be taken and the hydro
ordered to reconstruct the build-
ing in keeping with the by-laws.

Deputy Reeve Murray expressed
surprise that the building in-
spector should have been allow-
ed to issue such a permit. He
repeated his opinion that not
enough supervision was being
exercised while buildings were
being put up. The hydro plans
for the new building ought never
to have been passed.

Councillor Gundy said the

plans should have been discussed
before the building inspector is-
sued the permit.
On a motion by Councillor
Fielding, seconded by Councillor
Corbett and carried, the Aurora
hydro commission was ordered to
reconstruct the new building so
that no portion of it encroached
over the town line or sidewalk
and to make it conform to by-
law regulations.

Those voting in favor of the
motion were: Deputy Reeve Mur-
ray and Councillors Corbett,
Fielding, Gundy and Jones.
Reeve Cook voted against the
motion.

Other Business

Other business transacted in-
cluded the second and third
readings of a parking penalty by-
law. Councillors Corbett and
Jones opposing; a decision to sell
the old fire truck at the best
price obtainable, with Reeve
Cook opposing; the adoption of
a report from the arena com-
mission covering the period of July
18, 1950, to July 31, 1951; coun-
cil's request that a successor be
named by the recreation com-
mission to succeed Mr. T. F. Swindle
resigned; granting of a garage
building permit to Mr. B. Harri-
son and reappointment of arena
board.

Deputy Reeve Murray drew at-
tention to bad spots on sidewalks
that needed attention with which
Councillor Corbett agreed. Mr.
Murray said that the town fore-
man should make a survey of
such town matters and report to
council. Council adjourned at
12.30 a.m.

(In next week's "Council Side-
lights" a full review of council
proceedings will be given in Au-
rora News Page. Ed.)

ZEPHYR

Mr. N. Longhurst is still in To-
ronto General hospital.
The regular meeting of the W.

A. is to be held Thursday, Aug.
30, at 2.15 at the home of Mrs.
Len Case. All the ladies are cor-
dially invited.

How an Iron Fireman
VORTEX BURNER

saves oil

This flat, whirling
flame gives more
heat with less oil

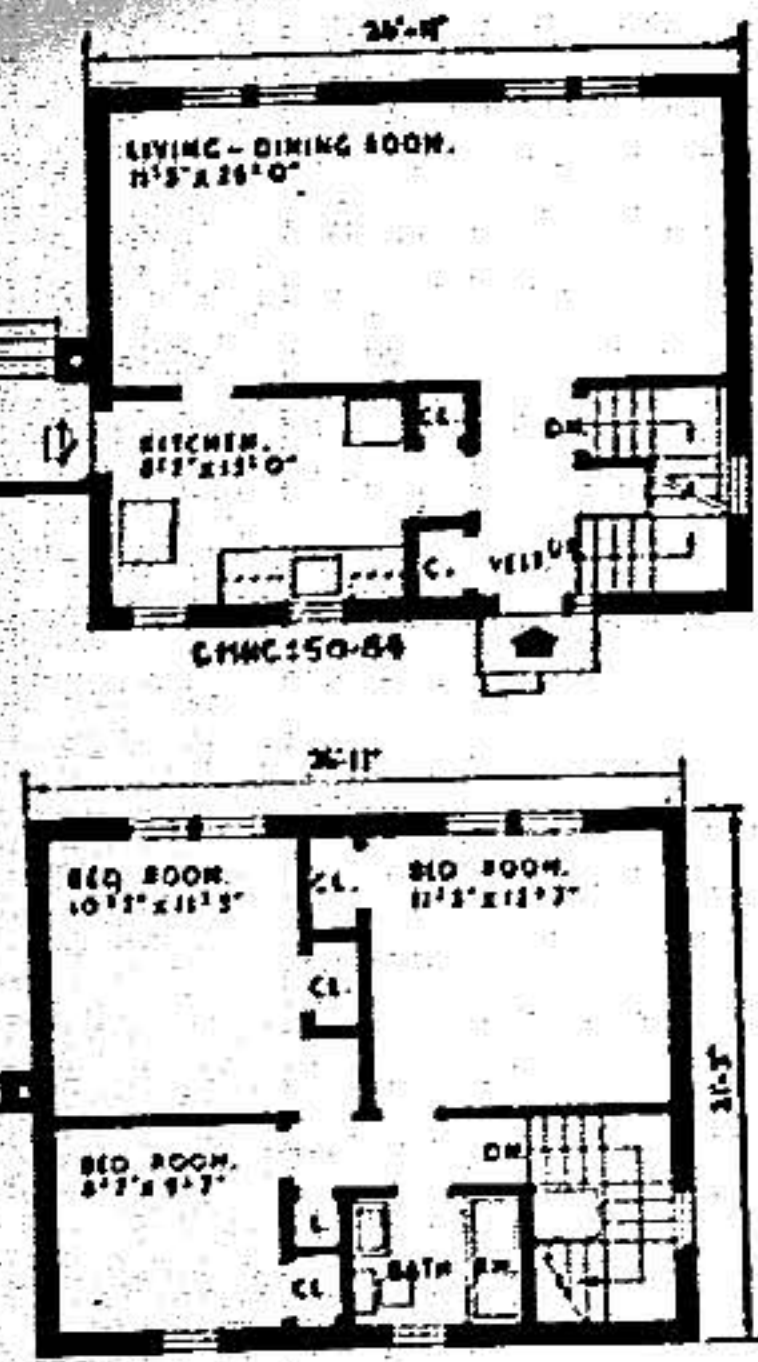

Ordinary gun-type oil
burners enclose the flame
in a pit where much of its heat is wasted. Iron
Fireman's money-saving Vortex oil burner
blankets every inch of heating surface with
rich radiant heat. Saves you up to 30% on oil.

CONVERT YOUR OLD FURNACE OR BOILER,
OR INSTALL A SELF-FIRED UNIT

Why pay for heat you're not getting? An Iron Fireman
Vortex can be installed in your present furnace or boiler
in just a few hours—and then watch your fuel bills go
down, home comfort go up. Complete self-fired Vortex
units are available too. Exclusive Iron Fireman auto-
matic controls. Phone or write this week sure, for a
FREE survey.

R. W. JELLEY

CEDAR ST. PHONE 442-W NEWMARKET

Combining a conventional ex-
terior appearance with a new plan
of interior layout which is gaining
popularity in Canada, this hand-
some three-bedroom house fea-
tures a large living-dining room
comprising the rear half of the
entire first floor. This arrange-
ment, while adding to the privacy
of the living and dining room,
permits greater enjoyment of the
grounds behind the house.
In designing the house, the
architects have taken into con-
sideration several important re-
quirements for economical con-
struction—a rectangular founda-
tion, unbroken roof lines and
concentration of plumbing by
locating the kitchen and the
bathroom almost directly above
one another.
The kitchen, which is amply
lighted by two windows, is en-
tered from the side service en-
trance or the hall leading from
the vestibule. The stairwell has
been compactly arranged and
has landings which, because of
safety, are preferable to winding
stairs.
The bedrooms which are of
generous size are located on the second floor and have good window
areas and adequate closet space.
This house is 28 feet 11 inches by 21 feet 3 inches and for estimating
purposes, each floor area is 572 square feet with a total of 1,144 square
feet. Cubic contents measure 16,016 cubic feet.
The Ottawa owner of the house illustrated changed the position of the
chimney from the left side of the house to the right and, in an effort to
reduce the apparent height of the house, has used two types of exterior
siding, brick on the lower half and horizontal wood siding on the upper
portion of the house.
Working drawings for this plan, known as Design 50-84 are available
from any office of Central Mortgage and Housing Corporation at minimum
cost.

Here's why a further
quarter of a billion dollars
is being invested by
Aluminum Company of Canada in

**"OPERATION
ALUMINUM"**

Aluminum is being put to so many uses these days
that Canada's aluminum industry, begun at
Shawinigan Falls in 1900, and already grown to
giant size, is embarked on another vast
expansion program.

More dams, powerhouses, smelting facilities in
Quebec... a whole new operation in British
Columbia... these great forward strides will
further step up Canada's aluminum capacity to a
total of more than half a million tons a year.

Today the names "Peribonka" and "Kitimat" mean nothing
to most Canadians. Right now they head blueprints — blue-
prints of work in the planning stage, of work in progress
with thousands of men already on the job.

"Shawinigan", "Shipshaw" and "Arvida" were new names,
too, many years ago. Today they are living reminders to
Canadians — and to the world — that Alcan has grown,
developing this country's resources so that now it produces a
quarter of the world's aluminum supply.

On the Peribonka River in Quebec, Alcan is harnessing
two cataraacts — Chute-du-Diable and Chute-a-la-Savanne.
These will provide hydro-electric power for a big addition to
aluminum output and additional power resources for the
Saguenay District.

Meanwhile, up coast 400 miles from Vancouver, a whole new
aluminum operation is planned. Where now stands the tiny
Indian village of Kitimat, a whole new town will be built; here
Alcan will construct a huge smelter. At Kemom, 60 miles
away, Alcan will build a powerhouse inside a mountain; a
ten-mile tunnel through this mountain will carry water from a
chain of lakes down a 2,600 foot drop to develop an eventual
2,000,000 h.p. capacity.

This "Operation Aluminum" means jobs for thousands of
Canadians. It means additional millions of dollars coming
into this country from abroad, for much of this aluminum
will be exported.

It means additional low-cost aluminum for Canada's own use
— metal which a thousand plants throughout the country
use to fashion everything from utensils and toys to airplanes
and bridges.

"Operation Aluminum" is a big thing for Canadians and for
the free democratic world. It means a further line of defence
against aggression. And it means a busier, more prosperous
country in which to live and work.

Aluminum Company of Canada, Ltd.

Producers and Processors of Aluminum for Canadian Industry and World Markets
PLANTS At: Shawinigan Falls, Arvida, Isle Maligne, Shipshaw, Port Alfred,
Beauharnois, Wakefield, Kingston, Toronto, Etobicoke

50 YEARS AGO
the company's first smelter
opened at Shawinigan
Falls, and produced 130
tons of aluminum that year.
The metal was just starting
to make a market for itself.

TODAY
Alcan has 4 smelters —
at Arvida, Isle Maligne,
Beauharnois and
Shawinigan Falls —
with a capacity of
nearly 500,000 tons.
And this light, strong, non-
rusting metal has found an
almost limitless range
of useful jobs to do.

CHUTE-DU-DIABLE
275,000 h.p. installation. Begun
autumn, 1950. Will be in operation
May 1952.

CHUTE-A-LA-SAVANNE
250,000 h.p. installation. Begun
summer, 1951. To be completed
in 1953.

ISLE MALIGNE
Smelter. Output doubled.
Construction underway.

BEAUHARNOIS
Smelter. Re-opened April, 1951.

Celebrate Feast of Assumption
Nearly 1,000 persons from St. Andrew's, Toronto, attended the celebration of the Feast of Assumption held at Our Lady of Grace Shrine, Marylake, on Sunday afternoon. This is one of the fixed days in the Cross of the Year when the Superior of the Augustinian Monasteries has the privilege to impart the papal blessing of the Blessed Mother. A procession was held followed by the sermon in honor of the Blessed Mother preached by Father Luke, O.S.A., and special prayers. An outdoor benediction was required, the chapel being unable to accommodate the great number of worshippers. The Danforth Lines provided bus service to the travellers.

Services in the Presbyterian and United church charges will re-commence on Sunday, Sept. 2. Church at Eversley will be held at 8 p.m. and will be the annual W.M.S. special service.

Mrs. Tom Proctor, Schomberg, was organist at All Saints church on Sunday, supplying for Donald Rawlings.

Mrs. W. E. Smalley is suffering from after-effects of a motor accident which is affecting her spine, and will require special attention. The arm injured by the accident has need of special care also. Rev. Smalley says he is only slowly improving and while there is no marked change day by day, he is beginning to feel stronger. Mr. A. E. Hobson took services for the minister in churches of the Baptist field.

Private Bill Crook writes from Korea to his parents, Mr. and Mrs. R. Crook, that summer temperatures have risen to 110 de-

grees in the shade. Winters are said to be equally extreme in that country.

Resigns Chairmanship
It was with regret that leaders of village organizations learned of the resignation of Rev. W. E. Smalley as chairman of group leaders at a meeting held last Friday evening at the home of Mrs. A. E. Jarvis, W.I. president. Mr. Smalley conveyed his resignation by letter, explaining his physical condition necessitated giving up the post. Mr. Smalley was injured in a motor accident early in July. While the presidents of the Legion branch and King Athletic Assoc. were unable to be present, those representing other organizations enthusiastically agreed to continue with proposals for a community hall project for King.

It was pointed out by George Harvey that investigation on the Crossley hall as a recreation centre has been concluded, the building proving inadequate for the project. Furthermore, were this site used it would be necessary to move the building back 10 feet from present highway line. Other suggestions were discussed to be presented to full representation of leaders in the near future. The meeting expressed appreciation of Mr. Smalley's efforts in developing examinations of the proposed project.

Kingcrafters Hostesses
The names of six members of Kingcrafters Guild have been forwarded to the Women's Division of the C.N.E. to act as hostesses in the Women's Buildings for one day of the C.N.E. Mrs. J. T. Phair, local convenor, is awaiting a reply to the choice of dates suggested. The ladies will act in pairs, from 10 o'clock in the morning to 10 p.m.

Twins Have Sister
On Tuesday, Aug. 14, a 7-pound daughter was born to Mr. and Mrs. Lawrence Scott at York County hospital, Newmarket. On the same day, the baby's twin sisters, Lynn and Lee Scott, were five years old. The children's grandparents are Mr. and Mrs. Chas. Kerr of King.

Fair Exchange
Winners of top prizes at Aurora Legion Carnival held recently have turned in winnings for more practical articles. Mrs. Del Paton of King who won the Beatty electric ironer exchanged for a four-burner, Hot-point electric stove, paying something extra on this equipment. Her friend, Grace Davis of Aurora, who won the motor boat, took over the electric ironer. Mrs. Paton said she had little use for the large ironer while she could very well do with a stove larger than the rangette she had been using. Miss Davis could not see herself using the boat to good advantage.

Comrade Jim Ogilvy of Ringwood was on hand at the Legion and Auxiliary carnival last week helping in the booths.

Mrs. Joe Curtis of Detroit is visiting her sister-in-law, Mrs. J. M. Winter.

Mr. and Mrs. Fred Curtis spent a day last week at Wasaga Beach with Mr. and Mrs. Jim Wells of Toronto. Mr. Curtis' sister, who has a cottage there.

Mr. and Mrs. Glenn Vining of Port Huron, Mich., were weekend visitors to their cousins, Mr. and Mrs. Irving Scott.

Ronald Parker and sister, Carolyn had a week's holidays with their mother, Mrs. W. Parker, and their aunt, Miss Florence Follitt, at Weston.

Miss Dorothy Armstrong is holidaying at Tiverton and Port Elgin.

Mr. and Mrs. Roy Minton, their daughter Marie, and Bobby Giles were at Meaford for the weekend.

Mrs. Margaret O'Neill of Toronto was on hand last Wednesday for the Legion Jamboree at King. The former Margaret McBride of Laskay, she renewed acquaintances with Mr. and Mrs. Charlie Black and others on the grounds.

Mr. and Mrs. Charlie Gordon and son Bruce, motored an uncle and aunt, Mr. and Mrs. Dan Ferguson, to their home in Woodville last Sunday. They had spent a week with a brother, Mr. Norman Ferguson, and others of the family.

Mrs. James Wells of Thornhill, Mrs. Clara Lawrie, Toronto, sisters-in-law of Mrs. J. S. Clu-bine, her sons Oakley with his wife and four children of Meaford, and Howard and his wife of Milton were visitors at the Clubine home during the past couple of weeks. On hand for the Legion party last Wednesday night was Mr. Herb Horen, Thornhill, a friend of the Clubine family.

Mr. and Mrs. Herbert Rooney, and daughter Marion of Attkan, Northern Ontario, were visitors last week of Mr. and Mrs. Clarke Archibald. Mrs. Rooney is a sister of Mrs. Archibald. They all motored to Owen Sound to visit a brother, Frank Wilkins, Jr. Miss Shirley Archibald of Shelbourne stayed with her grandparents, Mr. and Mrs. E. J. Archibald, for her vacation.

Mr. and Mrs. Rod Drinkwater and son of Toronto were Sunday company of Mrs. Drinkwater's sister, Mrs. Leonard Shropshire, Eversley.

Recent visitors of Mr. and Mrs. George Forester were Mr. and Mrs. Lloyd Harvey of Gormley and their son Dean, aged three and their young triplet daughter, Bonnie Barbara and Brenda, healthy, happy youngsters, dressed alike, and all cousins of the Foresters. Mr. and Mrs. Harry Smith, parents of Mrs. Harvey, accompanied them.

Mr. Elias Bice, his son, Reg Bice of Maple, and Jack Monkman motored to Parry Sound for a long week, to give a hand to Carson Bice, who is building a home in the district.

Fractures Shoulder
Roy Phillips, farmer, 6th con. Vaughan, fractured his right shoulder when he fell four feet to the barn floor while fixing a pulley on machinery. His mother, Mrs. J. Phillips of King, helped out at the home during the week of the accident.

Mr. and Mrs. Bill Walker, proprietors of King City Grill, returned last week from a motor trip to Detroit, Cleveland, and other points, their business remaining closed for a week during their absence. They had intended visiting New York City but found the weather much too hot to enjoy the larger centre. While travel accommodation was good even air-conditioned dwellings suffered from high temperatures.

Bill Walker Jr. won 12 prizes at one of the games' booths, eight for himself and the rest for other persons, all on first try, at King Legion jamboree last week. In fact he did so well he was almost cleaning out the booth prizes and was cordially invited to "take on bingo", which he did with his usual good luck.

Rev. D. C. H. Michell is once again filling his pulpits at King, Maple and Oak Ridges Anglican parish, much refreshed after an extensive trip to Vancouver and California. In B.C. he visited his father and other friends, taking a cruise among coastal islands in a private motor launch. At Los Angeles and Stockton, Cal., he saw his sisters. The whole month gave ideal weather for tourists, although 63 days without rain in B.C. presented a terrific problem to farmers and industry.

Mr. and Mrs. L. J. Glass were visiting a cousin, Mrs. Edna King, at Regina and will visit the Wells relatives at Wellwood, Man., as they return home from a motor trip to the west coast. At Nelson, B.C., Mrs. L. Keffer, a sister of Mr. Glass, whom they saw for the first time in 42 years, failed to recognize her brother. Taken by surprise she thought "he must be one of the Glass family". Other than that, she could not place him.

Eagle Lake ball team, defeated by King club by a large margin in the O.R.S.A. at King last Friday night, was entertained by the local club at the home of coach C. B. Hall. Mrs. Hall was assisted by Mrs. Ewart Patton and Mrs. Don Gillies. It was a return game, King having defeated the Eagles on their home ground (near Minden) on Tuesday. Mrs. Hall, Mrs. Clarke Archibald, Mrs. H. Rooney, Shirley Archibald, Mrs. C. Shields journeyed with the team to the north to see the game.

Chills Get Jamboree Patrons
It was the cold windy night and unsettled weather conditions throughout the day that reduced the attendance at King Legion and Ladies' Auxiliary Jamboree in Memorial Park on August 15. Figures were around the 650 mark with only one-third of the usual bingo players on hand, lessening the overflow for the remaining 12 booths. However, the branch will likely realize a small margin of profit while the Auxiliary has an overall profit of \$50. The Auxiliary expenditures included the cost of children's day picnic for August 23.

The arrangement of interests and the variety of carnival features measured up to expectation. New features were added while those of lesser interest were culled out from last year's experience. "Although we had counted on a satisfactory profit to boost the building of the Legion club rooms, the work will be carried out according to schedule," said Pres. Don Findlay.

The block foundation is laid on the building site located on Dew St., building material is ordered and with the salvage of lumber from the Findlay barn, work will progress as far as possible this fall. Councillor Ray Jennings, who drew tickets for the prizes, congratulated the organization on getting the hall started. "We may go to council for help when council sees we have done our part," said Pres. Findlay.

Mrs. T. L. Chapman, Aurora, R. R. 2, won the fine Cogswell chair donated by the Auxiliary and Mr. Frank Sprague, King, R. R. 1, the table lamp. Gate draws given by the Legion went to Judson Jackson, Toronto, winning the Waterman pen; George Wilson, King, R. R. 3, the Waterman pencil and Jamie Wood, King, R. R. 1, the lady's pearl necklace.

Heart Seizure
Mr. Tom Anderson is confined to bed suffering a heart malady which causes a great deal of discomfort. A week ago Tom took five attacks inside of two hours, and will be in bed for two weeks. His sister, Lily Anderson, is looking after him. A sister, Mrs. Rose Male, her husband, Arthur, and daughter, Barbara, Toronto, are on two weeks' holiday at the Anderson home. Barbara underwent a serious operation for club feet at the Hospital for Sick Children and her limbs were in casts for 18 weeks. Casts are now removed and Barbara, who is 13, is able to use a wheel chair. Her crippled condition should in time be permanently removed.

Form King Association To Build Village Hall

Prospect of a proposed community hall in King took definite form on Monday night at a meeting of a group of King residents in the club rooms of Lake Marie and King Athletic Association when a resolution was unanimously passed that a "King community association be formed for community purposes for the erection of King Memorial hall and that representatives of existing organizations be selected to apply for the necessary charter from the provincial government."

The resolution was preceded by unanimous decision of the athletic association, "to grant a site for the proposed hall to the body responsible for the erection of a community hall to be erected on the extreme north end of Memorial Park (owned by the association) between the present building and the north-west corner of the property, the dimensions to be later agreed upon."

These steps were taken following presentation of facts by a hall investigating committee earlier appointed and comprising representatives of all local organizations, to the Lake Marie association, also represented on the investigating committee. The athletic organization, originators of the proposed hall project and titleholders of the park site, has raised a substantial trust toward the project. The Women's Institute has established a separate trust fund for the same project. The hall investigating committee at work for several weeks was made up of representatives of the W.I., the Athletic Association, the Legion branch and Legion Ladies' Auxiliary, the Cubs and Scouts, the library board and the Wrestling club.

In the opinion of M. H. Bell, a member of the athletic group, "No one organization could undertake the proposed project in itself and it would be necessary to set up a community organization to handle it." This plan, he said, had been earlier advanced by his organization.

Spokesmen for the different groups concurred that there is a growing and undisputed need of a hall; that all organizations would give support to the best of their ability; that outside interest in the project is being manifested, and that there is little doubt that funds can be raised to build a hall. The opinion of W. E. Barker, vice president of Lake Marie association, was strongly supported that "King Memorial Park is the logical site for a hall".

K.C.A. Headed by Mrs. I. Specht
Mrs. Ivan Specht, King W.I., was appointed chairman of King Community Association and Donald M. Findlay, Legion president, the secretary. Others selected were George Brown and W. E. Barker, the president and vice president of Lake Marie and King Athletic Assoc.; Mrs. A. E. Jarvis, president of the W.I.; J. L. Grew and James Rock of the King library board; Mrs. Beryl Fleet, head of the Legion Ladies' Auxiliary; George Harvey, Scout master, and Mrs. Mary Hood, Cub leader; Bob McLeod, president of K.C. Wrestling club. The association will apply for a charter for the purposes outlined in the resolution.

A community corn roast and bingo will be sponsored by Lake Marie and King Athletic Association in Memorial Park on Friday, Sept. 7, at 8 p.m.

Dr. J. L. Urquhart, Aurora, winner of a \$5 cheque donated by B. J. Langdon in the interests of the Athletic Association carnival, July 18, has turned it over to the association treasury.

See Former Scenes
Mr. and Mrs. James Rock returned last Friday after several weeks in Western provinces, their first trip to the coast after an absence of 28 years. "We had such a wonderful time and were on the go so much we decided to come home a little sooner than planned," said the travellers. "Too many late nights," said Mr. Rock, a retired employee of the C.N.R., who spent most of his life until 1923 in the west.

Married 42 years ago in Saskatchewan, Mr. and Mrs. Rock have many relatives from Winnipeg to Vancouver. Mr. Rock has four sisters, eight nieces and two nephews, all of whom they visited in their separate homes. Mrs. Rock has two cousins and an aunt there. They had not seen any of their family connections for at least 25 years and for most of them it was nearly 30 years.

Misses Brother
Shortly after Mr. and Mrs. Rock left King for their western tour, Mrs. Clyde Harrell, Indiana, a sister of Mr. Rock, with her husband and granddaughter arrived in King on a visit. They were told by Mrs. Harry Edwards of the Rock's departure. It had been some time since Mrs. Harrell had seen her brother, but she had not written in advance, otherwise Mr. Rock said they would not have set out until they had seen Mr. and Mrs. Harrell. The party went on to Cooksville to the home of James Rock, Jr.

Mr. and Mrs. George Jarvis of St. Clairsville, Ohio, visited Mr. Jarvis' brother, A. E. Jarvis, for a few days recently.

Mr. and Mrs. Earl Campbell, Mr. and Mrs. Raymond Love, their daughter, and young Paul Love motored to Cleveland, Ohio, for several days spent with Mr. and Mrs. James Tankard. The latter is an aunt of Mr. Earl Campbell.

Mrs. Richard Canney and two young daughters, Toronto, have spent August with her parents, Mr. and Mrs. Ray Burt.

Mr. and Mrs. George Jarvis of St. Clairsville, Ohio, visited Mr. Jarvis' brother, A. E. Jarvis, for a few days recently.
